RUSSELL: A PLACE OF PROMISE (RPOP)

PASTORS & FAITH LEADERS AS WEALTH MANAGERS”

"Community Partnerships That Transform Neighborhoods - Pastors and Faith Leaders as Wealth Managers"

What makes Russell Place Special? Do we have similar neighborhoods in our cities that could benefit from this model? Are we under utilizing Pastors as wealth managers for facilitating flourishing communities?

Sponsored by Cities United, City of Hampton Office of Youth and Young Adult Opportunities, Made to Flourish- Hampton Roads and the Peninsula Baptist Association.

CONNECTORS. ORGANIZERS. GAP FILLERS. ACCELERATORS.

As **Connectors** we connect residents, faith leaders, community based organizations, and small businesses to resources for stability and growth.

As **Organizers** we organize the existing resources to best support residents, faith leaders, community based organizations, and business owners' individual and community wealth building goals.

As **Gap fillers** we work towards filling in the gaps residents, faith leaders, community based organizations, and small business owners have identified as a need to reach the collective vision of Black wealth for Russell.

As **Accelerators** we support efforts led by residents, faith leaders, community based organizations, and small business owners to learn, build, lead, and grow Black wealth in Russell.

Small Business

RPOP's small business strategy is dually focused on **creating new, resident-owned businesses** and **strengthening existing Black-owned businesses** to help them remain in Russell. Black-owned businesses in Russell are essential to the neighborhood's culture and economy. We completed the first cohort of the **Russell Small Business Accelerator**, designed to support existing Black-owned businesses and Black entrepreneurs strengthen and grow their businesses.

30TH & MADISON

OF NEIGHBORHOOD ASSETS

One of the central elements of RPOP's Black wealth creation strategy involves the development of **community-owned real estate assets** in Russell. The Madison Street Warehouse, RPOP's first major capital project, is a site currently owned by Louisville Metro Government but committed to RPOP. Located at Russell's intersection of 30th and Madison Street, the property spans 5 acres and is neighbored by a newly developed Sports and Learning Complex. At RPOP, we intend to support the **community-driven redevelopment** of the property through on-site community conversations and our **Russell for Russell (R4R) resident process**. R4R will lead to the creation of the Madison Street Work Group to center resident voice and guide all aspects of the development process. Our goal is to create a structure with **shared ownership** and a **variety of uses defined by Russell residents**.

HOUSING

RPOP plans to increase the number of homeowners in Russell by **25%** by creating **135 new owner-occupied homes**, some of which will be constructed as duplexes or with accessory apartments to create an immediate wealth building opportunity for **buyers**. RPOP will offer **tenant incentives** in the form of **matched savings** to residents of these units to encourage longevity of tenancy and to create a wealth building mechanism for **renters**.

JULY & SEPTEMBER 2021
FAITH-WALK HAMPTON PASTORS, HAMPTON ECONOMIC DEVELOPMENT, HAMPTON CITY MANAGER, EXECUTIVE DIRECTOR OF HRHA AND PRIVATE INDUSTRY REPRESENTATIVES GO TO RPOP IN LOUISVILLE FOR MOLO VILLAGE DEDICATION AND TO ENGAGE COMMUNITY LEADERS AND PARTNERS PRESENTATIONS.
