Greetings Mr. Whipple,

I am unable to attend the Public Hearing today since it is schedule during my work hours.

I wanted to express my opinion on Rezoning Application No. 26-0095.

I wanted to be sure to let you know that I am NOT in favor of rezoning. The area has already seen enough changes without adding townhouse units. We don't need to add potential housing for students.

On a light note, Hampton University previously bought the Holy Family Retreat Center on Mallory. I'm not sure what their use permit allows but it would be nice if the residents were capable of controlling their car alarms.

Thank you,

Lisa K Runner
