FILING PROCEDURES

WHAT IS A USE PERMIT?

The Use Permit process is governed by Chapter 14 of the City Zoning Ordinance. Important provisions of that chapter are summarized below.

The Use Permit application process provides a means for City Council, after review and recommendation by the Planning Commission, to authorize certain uses which, although generally appropriate for the district, may have greater impacts on surrounding properties than uses which are permitted by right. Site-specific factors and localized impacts from the use, as well as the proposed mitigation measures, must be evaluated.

City Council reviews each application and decides whether to deny, approve, or approve with conditions. Such conditions are necessary to ensure the use's compatibility with the surrounding area and consistency with the purpose and intent of the Zoning Ordinance.

SUBMITTAL PROCEDURE

It is recommended that the applicant schedule a pre-application meeting with staff of the Community Development Department's Planning Division prior to submission of an application to review plans, ordinances, and other land use issues that may be involved. Meetings and submittal of the application occur at the Planning Division's office listed below:

SCHEDULING & REVIEW PROCESS

Scheduling and procedure for application review is governed by section 14-4 of the Zoning Ordinance.

The amount of time necessary to complete the staff review is variable depending on the complexity of the Use Permit application and the accuracy of the submitted material. Incomplete submissions or major changes to the plans during the review process may cause delays in this schedule.

Once an application is submitted, staff review will begin.

- Staff will work with other city departments and outside agencies, as necessary, to determine possible impacts of the proposed use (as set forth in section 14-5).
- Staff will notify the applicant of any deficiencies in the application. The director of the Department of Community Development or his designee may determine that additional information or review is necessary prior to being scheduled for public hearing.
- Staff will work with the applicant on issues that arise during internal review and on proposed conditions to be included in the Planning Division's staff report to Planning Commission and City Council.
- Subject to meeting all advertising and notification deadlines and upon receipt of information addressing deficiencies in the application or a written statement by the applicant stating that deficiencies will not be addressed and/or no further information will be submitted, the director of the Department of Community Development or his designee shall forward the application to the Planning Commission.
