To Whom It May Concern,

It has come to our attention that Bay Disposal is in the process of having their existing conditional use permit amended. I have spoken with Richard Hill, Hampton Site Manager, and he has explained to us what the changes will be and we fully support the change. We are comfortable with our relationship with them that should an issue arise it will be corrected immediately and will not have any impact on our business.

Thank you for what you do for all us in Copeland Industrial Park. Please do not hesitate to contact me if you have any questions or need any additional information.

Sincerely,

Marcy Owens
