RE: FY 2020 State Homeland Security Grant Program –
Hampton Roads All Hazard Advisory Committee Regional Support

GLOUCESTER

To Whom It May Concern:

HAMPTON

The Hampton Roads All Hazards Advisory Committee (HRAHAC) has formally voted to support the following project, *Hampton Police Division's Special Weapons and Tactics Team's Equipment Modernization Project*, for submission to the FY 2020 State Homeland Security Grant Program. The HRAHAC is a consolidated advisory committee to the Hampton Roads Planning District Commission, representing the 17 jurisdictions of Hampton Roads in addition to several emergency management / homeland security disciplines. We believe this to be a valuable, regional project that adequately addresses capability gaps within Hampton Roads.
