

I attended the meeting last night at West Hampton Community Center at 6:00pm to listen to why the LV Restaurant located at 1565 Briarfield Road should be given permission /permit to allow Spoken word, Karaoke, and Jazz Band at 1565 Briarfield Road.

after listening to all that was presented I was Not convinced there is any reason for such permit.

The gentleman bought restaurant, if he did not do his homework before buying the property that live music, spoken word, and Jazz bands was grandfathered along with the property, shame on him. There are plenty restaurants here in town that are doing fine without such entertaining.

My biggest concern is with the type of patrons that will be attracted to the live entertainment that will be more likely to cause other problems for the apartment complex where I have lived for the past 6 years.

I am a Senior Citizen who is still working 4 to 12 and other shifts. After the meeting I do NOT think there are enough reasons to allow this permit.

He bought a restaurant. He has a restaurant. He does not have a restaurant in his back yard disrupting his way of life.

Thank you,

Anna Eadie

Hampton VA 23666

Matt Smith this email concerns the meeting tonight about the Restaurant behind Mallory apartments and wanting to add live music. I disagree because my window is right behind and with the music will bring in more noise, so i have to vote no. Randolyn Drebenstedt resident from Mallory Apartments

I am a 12 year resident of the Mallory Apartments and I oppose the permit for Live Music at the LV Restaurant on Big Bethel Road.

Having been here the last time there was a live band, I know what noise and aggravation this can cause. My bedroom windows are less than 25 feet from the end of their building and I heard the noise not from the music itself but from the patrons leaving. Mr. Wilson has good intentions but you cannot control a drunk. The fights and language were horrible. Parking is also a problem as the restaurant doesn't have sufficient parking.

I hope the planning commission and the city counsel both consider the disruption in all the surrounding residents lives and votes no on this permit.

Thank you,
Shirley Gibson

Matt:

I appreciate your comments during last night's community meeting. As you know I represent Mallory Apartments, the complex that immediately adjoins Mr. Wilson's restaurant. My client, the tenants in the apartments and the surrounding neighbors all have significant objections to the proposed Use Permit. Just a few of those objections are summarized as follows:

- The restaurant property was operated successfully as a restaurant without live entertainment for most of its long history.
- Mr. Wilson has only owned this property for a few months, he has no track record as a restaurant operator, and he has engaged in little or no advertising. Nevertheless, he has concluded that his business can only survive if it has live entertainment, regardless of the consequences to the neighborhood.
- When the former owner had live entertainment, they did so illegally, and it caused significant disturbance and disruption to the neighborhood.
- When the restaurant has been operated by an experienced owner, it has been operated responsibly, it has been successful and has caused little or no damage to the neighborhood. However, when the restaurant has been operated by inexperienced owners, it has not been successful and has been very damaging to the neighborhood.
- Mr. Wilson has not demonstrated his ability to operate a restaurant successfully with or without live entertainment; and based upon past experience, there is no reason to believe the addition of live entertainment will make the restaurant a success or that it will be operated responsibly.
- Having live entertainment this close to the apartment residents has in the past and will in the future be extremely disruptive and disturbing due to the entertainment itself as well as the conduct of the patrons in the parking area. There is no buffer or separation to protect the apartment residents.
- In the past, when there has been live entertainment, the patrons of the restaurant have parked in the apartment parking lots and have parked along Butler Drive obstructing the free flow of traffic on that road.
- Live entertainment at this restaurant will damage the owners of Mallory Apartments by causing tenants to leave the complex and by making it more difficult to re-rent the units next to the restaurant.
- If you approve the use permit you will be deciding to damage an existing, well run business, which has been owned and operated by the same family for over 46 years because an inexperienced, new restaurant operator has failed to successfully operate his business.
- In essence you are being asked to sacrifice the welfare of the neighborhood and the welfare of a proven, long standing, family owned and operated business because Mr. Wilson has failed to operate his business successfully.

Please include this email in your package to the Planning Commission. Thank you.

Larry
