

# PETITION TO CHANGE STREET NAME

(Please print neatly)

1. Petitioner(s) Name:

Dr. Porter Brannon on behalf of Virginia Peninsula Community College

Address:

Office of the President, 99 Thomas Nelson Drive, Hampton, VA 23666

E-mail Address:

[brannonp@vpcc.edu](mailto:brannonp@vpcc.edu) and [badgleya@vpcc.edu](mailto:badgleya@vpcc.edu)

2. Current Street Name: Thomas Nelson Drive (starting approximately at Hastings Drive) and Butler Farm Road (ending between building number 525 and 521)
3. Proposed Street Name: College Drive
4. Please describe the reason(s) why you are seeking the street name change:

On July 1, 2021, Thomas Nelson Community College changed its name to Virginia Peninsula Community College. This change was the result of a desire to ensure that our name was representative of the student population that we serve. Our goal is to update our mailing address as the final step in removing the Thomas Nelson name from our identity. We know that this change could be challenging for others who reside on Thomas Nelson Drive (from Big Bethel Road to Hastings Drive) and we do not wish to cause any hardship for those residents.

Note to the Petitioner: It is highly recommended that the petitioner seek input from affected property owners and solicit their support of the street name change prior to filing the request with the Department of Public Works. It is the City's policy that seventy-five percent (75%) of all affected property owners must agree to the street name changes initiated by a citizen, or the request will not be approved. Only those responses received will be used in determining if the 75% approval threshold has been met of the total number of properties.

4. Application fee of \$100 made payable to the City of Hampton is enclosed.

I, the undersigned Petitioner, certify that to the best of my knowledge, all statements in this application are accurate and complete, including all required information and submittals. I understand that the costs associated with this request, including postage, the creation and posting of new street signs, is my responsibility and agree to pay all costs associated with this request.

Name: Dr. Towuanna Porter Brannon

Dear Mr. Mitchell:

Please accept this letter indicating our agreement to the street name change proposal submitted by Dr. Towuanna Porter Brannon, College President of Virginia Peninsula Community College.

As the owner of the following affected properties, we support changing the proposed section(s) of Thomas Nelson Drive and Butler Farm Road to become "College Drive" inclusive of all four properties.

- 98 Thomas Nelson Drive, Hampton VA 23666
- 99 Thomas Nelson Drive, Hampton VA 23666
- 525 Butler Farm Road, Hampton VA 23666
- 600 Butler Farm Road, Hampton VA 23666

Thank you for your time and consideration.

Sincerely,

Douglas Garcia  
Chair, State Board for Community Colleges

**POLICY FOR CITIZEN INITIATED STREET NAME CHANGES**

**ATTACHMENT A**

January 24, 2018

Purpose:

In some instances, citizens or organizations desire to change the name of public and private streets in the City. The purpose of this policy is to outline the City's street naming policy and processing procedures. An application fee of \$ 100 must be submitted with all requests. The City will not be responsible for any costs associated with the street name change for property owners such as but not limited to brochures, stationery, business cards, etc. as well as the cost of notification and other changes related to the change. Because street name changes affect people and inconvenience them, street name changes may only be approved by City Council.

This policy does not apply to street name changes initiated by the City.

Procedures:

1. A citizen or organization, hereinafter referred to as the "petitioner", files a request with the Public Works or his designee requesting the street name change. Request shall include the following:
  - A petition that includes the current street name, the proposed street name, a contact name and number (address and phone number), e-mail address, reason for the change and the application fee. See attached petition.
  - A map showing the location of the street.
  - A listing of property owners affected by the proposed street name and their addresses. Affected property owners include owners of all properties that abut the street in question whether containing an occupied dwelling or not.
2. The Director of Public Works or his designee reviews the package for completeness and confirms accuracy of listing of the names and addresses of property owners affected by the proposed street name change. The Director of Public Works or his designee also coordinates with the Information Technology/GIS Office to verify that the proposed street name meets the following criteria to include but not limited to: is not a duplicate, no directions in name, no more than 14 characters, not similar sounding, etc. and conforms to the USPS Standard Suffix Name and Standard Abbreviation list found at: <https://pe.usps.com/text/pub28/28apc>

002.htm according to the type of roadway based on the functional classification and is consistent with the City's Information Technology/GIS Office Address and Street Naming Policy found at: <http://www.hampton.gov/DocumentCenter/View/603>.

3. If the Director of Public Works or his designee determines that the street name request can proceed, a letter will be prepared to the affected property owners. The letter must contain the following: current street name, proposed street name, and a check box indicating whether or not the property owner agrees to the street name change, date on which property owners must respond and a name and phone number in case there are questions. Only those responses received will be used in determining if the 75% approval threshold has been met of the total number of properties. See attached form letter.
4. The request to change the name must be approved by seventy-five percent (75%) of all affected property owners prior to forwarding to City Council for final approval unless the request is due to a duplicate street name. The Director of Public Works or his designee will prepare a letter to the petitioner with reasons why the request is denied. The petitioner will be contacted approximately 10 days before the final response due date as to the status of responders
5. If seventy-five percent (75%) of the property owners concur with the request, the request will be forwarded to City Council for final consideration. If approved by City Council, the street name change will not be effective for sixty (60) days so the signs can be fabricated and installed. A letter is sent to the petitioner informing him/her of the results.
6. The GIS Office of the Department of Information Technology notifies all affected property owners, City Departments and agencies, the Post Office, and all utility companies of the street name change and effective date.
