City Manager Mary Bunting introduced Ms. Lucy Stoll, City Planner, who provided a presentation to Council. Ms. Bunting noted that the Resilient Hampton Initiative is a result of the Dutch Dialogues process that began in 2015. Tonight's proposed Amendment brings closure to the first phase of that initiative.

Mayor Tuck opened the Public Hearing. As there were no speakers, Mayor Tuck closed the Public Hearing and called for the motion.

Presented by Lucy Stoll, City Planner. There were no speakers at the public hearing.

A motion was made by Councilmember Hobbs and seconded by Councilmember Snead, that this Community Plan Amendment be approved. The motion carried by the following vote:

Aye: 7 - Councilmember Weston Brown, Councilmember Brown, Councilmember Curtis, Vice Mayor Gray, Councilmember Hobbs, Councilmember Snead and Mayor Tuck

[Presentation](#)

Ms. Bunting introduced Mr. Steve Shapiro, Deputy Director of Community Development, who provided a presentation to Council. Ms. Bunting stated that the proposed change to the Zoning Ordinance results from ongoing interactions with the Federal Emergency Management Agency (FEMA) to ensure the City has an appropriate and reasonable approach for dealing with new FEMA concerns. She commended Mr. Shapiro and Ms. Bonnie Brown, Senior Assistant City Attorney, for the excellent work on behalf of the City, the region, and even the country to work with FEMA on a solution to this issue.

Mayor Tuck stated that he did not believe that citizens fully understood the magnitude of what FEMA had proposed, which was an overreach beyond common sense. He thanked Mr. Shapiro for his efforts.

Mayor Tuck opened the Public Hearing. As there were no speakers, Mayor Tuck closed the Public Hearing and called for the motion.

Presented by Steve Shapiro, Deputy Director of Community Development. There were no speakers at the public hearing.

A motion was made by Councilmember Snead and seconded by Councilmember S. Brown, that this Zoning Ordinance - Text be approved. The motion carried by the following vote:

Aye: 7 - Councilmember Weston Brown, Councilmember Brown, Councilmember Curtis, Vice Mayor Gray, Councilmember Hobbs, Councilmember Snead and Mayor Tuck

[Letter - Opposition](#)

Ms. Bunting introduced Ms. Tolu Ibikunle, Senior City planner, who provided a presentation to Council.

Councilwoman Snead stated that tattoo parlors were not allowed in the City at all in the past. She asked why Phoebus was not included when that ban was lifted elsewhere in the City. Ms. Ibikunle stated that when the City was developing the PH-1 District, the citizens in that area did not want tattoo parlors. There has been significant new investment in that area that has offered a different perspective on the matter. Staff also offered additional education, which helped to shift opinion. Councilwoman Snead noted that tattoo parlors at one time were considered shady and now tattoos are considered art.

Councilman Hobbs noted that he was at an art exhibit titled “The Art of Tattoo” and he spent hours there. He asked how the City defines tattoo. Ms. Ibikunle noted that the Hampton City Code defines what tattoos are and what a tattoo establishment is, and what a tattoo operator and artist is. The Ordinance governs very specifically how the City views this matter, and it considers tattoo art and design.

Vice Mayor Gray asked if those who were in opposition gave a reason why. Ms. Ibikunle stated that there seemed to be a perception that may not be based on fact. There were those in opposition who wanted the applicant here, but did not want additional tattoo parlors or owners. Staff helped those who felt that way understand that the City would require a Use Permit for any new tattoo parlor. While their concerns are valid, each application would be thoroughly vetted and go through a Public Hearing process.

Vice Mayor Gray emphasized that any time a tattoo parlor opens, it requires a Use Permit that must come before City Council for approval.

Councilman Brown asked if there were any conditions imposed by the Planning

Commission. Ms. Ibikunle stated that because this was a Zoning Ordinance Amendment, there are no conditions attached at this time. If the Amendment is approved, tattoo parlors will be listed in the Zoning Ordinance for PH-1 as needing a Use Permit. As it moves through the Use Permit process, conditions would be attached.

Councilman Brown asked what perception concerns there were regarding tattoo parlors and if that included such things as hours of operation. Ms. Ibikunle stated that there were some concerns about hours of operation, which could be mitigated with conditions.

Councilman Brown commended the Partnership for a New Phoebus because he believes in expanding and creating new businesses, and adding revenue to the City. He stated that the opinion on tattoo parlors has changed, and although he has never been in a tattoo parlor he does consider it art.

Mayor Tuck opened the Public Hearing. He invited the person who had signed up under Public Comment for this item to speak during the Public Hearing. The citizen declined. Mayor Tuck closed the Public Hearing.

Mayor Tuck asked if there was a breakdown of merchants versus residents who spoke against the Amendment, asking specifically if there were merchants who spoke against allowing tattoo parlors. Ms. Ibikunle stated that there were several merchants who were against it. Mayor Tuck asked what their concerns were. Ms. Ibikunle stated that they were perception issues.

Mayor Tuck stated that two merchants approached him about their concerns in addition to a representative from St. Mary's, and he would be voting against this Amendment due to their opposition.

Presented by Tolu Ibikunle, Senior City Planner. There were no speakers at the public hearing.

A motion was made by Councilmember Snead and seconded by Councilmember Hobbs, that this Zoning Ordinance - Text be approved. The motion carried by the following vote:

Aye: 6 - Councilmember Weston Brown, Councilmember Brown, Councilmember Curtis, Vice Mayor Gray, Councilmember Hobbs and Councilmember Snead

Nay: 1 - Mayor Tuck

20. [18-0233](#) Ordinance To Amend And Re-Enact The Zoning Ordinance Of The City Of Hampton, Virginia by Amending Chapter 9, Article III Entitled "O-CC District - Coliseum Central Overlay" By Amending Section 9-23 Pertaining To Modifications To Permitted Uses

This item was presented in conjunction with 18-0234. Only 18-0233 required a Public Hearing.

Ms. Bunting introduced Ms. Ana Elezovic, City Planner, who provided a presentation to Council.

Vice Mayor Curtis noted that this is not the kind of thing anyone would think of until they were at Sentara and needed something to eat.

Mayor Tuck opened the Public Hearing. As there were no speakers, Mayor Tuck closed the Public Hearing and called for the motion.

Presented by Ana Elezovic, City Planner. There were no speakers at the public hearing.

A motion was made by Councilmember Curtis and seconded by Councilmember Snead, that this Zoning Ordinance - Text be approved. The motion carried by the following vote:

Aye: 7 - Councilmember Weston Brown, Councilmember Brown, Councilmember Curtis, Vice Mayor Gray, Councilmember Hobbs, Councilmember Snead and Mayor Tuck

21. [18-0234](#) Ordinance To Amend And Re-Enact Chapter 34 Of The City Code Of The City Of Hampton, Virginia Entitled "Streets and Sidewalks" By Amending Article I, Section 34-7 Pertaining to Sales Conducted On Or Adjacent To Public Right-Of-Ways

PUBLIC COMMENT

Ms. Glass read the protocol for Public Comment.

Mr. Raymond Tripp greeted those on the dais and made the following comment: I'm not really sure that I even need to speak, honestly. I was asked to be here to support the resolution that's committed for the Virginia Department of Transportation (VDOT) FY19 funding (18-0245). I don't know if it's appropriate or even necessary at this point.

Mayor Tuck stated that it is always appropriate to speak if he was asked to come and represent someone.

Mr. Tripp continued: I'm here tonight as the Executive Director of Coliseum Central. Our office is located at 4410 East Claiborne Square, Suite 211 in Hampton. I'm here tonight on behalf of the Board of Directors of Coliseum Central to show our support of the funding request for the VDOT FY19 Smart Scale Program Funds to fund the Coliseum Drive Extension Phase B, as well as pedestrian improvements along Hampton Center Parkway, as well as Armistead Avenue. The extension of Coliseum Drive is recommended in our updated 2015 Coliseum Central Master Plan. As the northern gateway to our district, extending Coliseum Drive to Magruder Boulevard improves the connectivity between Magruder Boulevard corridor and the Coliseum Central business district. In addition, the extension of Coliseum Drive will create a greater accessibility to the surrounding vacant properties that are located around the northern section of the Hampton Center Parkway. This road extension will also accommodate future load/unload transportation planning, as well as help reduce some of the stress traffic that's been created on Coliseum Drive. Under the section titled "Frameworks for Growth," our Master Plan addresses the issue of open space and pedestrian connectivity. This section of the Master Plan recommends the development of pedestrian friendly streets throughout the district containing sidewalks and implementation of site improvements on commercial properties that encourage pedestrian activity and social interaction. The projects which were submitted to you tonight fulfill our Master Plan recommendations and the Board of Directors kindly ask the City Council's support of the Master Plan by voting yes in favor of the VDOT FY19 Smart Scale Program Funds for these four projects. Thank you for allowing me to speak.

Mayor Tuck closed the Public Comment.

Resolutions

22. [18-0245](#) Resolution of Endorsement of Fiscal Year 2024 Smart Scale Projects

Attachments: [Presentation](#)

Ms. Bunting introduced Mr. John Yorks, City Engineer, who provided a presentation to Council. Ms. Bunting stated that the Council used to approve applications on the Consent Agenda, but realized citizens were not necessarily following all the projects the City was receiving funding for. The City decided to make presentations prior to application submission. Currently, Smart Scale Program Funds are available to fund projects at a 100% reimbursable basis. Submission does not mean the City will be awarded the funding for the projects, but the City only puts forward projects it believes will be very strongly competitive.

Referring to Slide 4 listing previously funded projects, Mayor Tuck asked if the Power Plant Parkway Sidewalks were currently under design. Mr. Yorks stated that most of the funding for Smart Scale Projects is in the “out-years,” so the funding for that project is not available until FY22. The funding for Little Back River Road will not be available until FY20. Design for those projects will begin at that point. Mayor Tuck stated that there have been complaints about the lack of sidewalks around Power Plant Parkway, so it is good to know the funding is coming. Mr. Yorks stated that there are other pots of money the City can apply for, but they all tend to be in the “out-years.”

Referring to Slide 5, Mayor Tuck asked if the City is submitting a request for sidewalks in the Boo Williams Sportsplex area. Mr. Yorks confirmed this, stating it was another request for connectivity between Boo Williams and Coliseum Drive. Mayor Tuck noted that the funding is in “out-years” so would not be provided until 2024. Ms. Bunting stated that the VDOT process is lengthy, but the City would rather get the funding later than not get it at all. Mr. Yorks stated that the City is throwing its hat in the ring, just to get what is available.

Mayor Tuck noted that if a project is approved, the City has to spend the money on that project and cannot move another project ahead. Mr. Yorks confirmed that statement.

Vice Mayor Gray asked why access to one of the six mega development sites in the region was important to Hampton's economic development efforts. Ms. Bunting stated that major companies, such as Amazon, are looking for large tracts of land to develop. The Hampton Roads Economic Development Alliance (HREDA) has been looking at how to make the region more competitive in attracting high wage jobs and new businesses. One of the items they have identified is getting infrastructure to mega sites, making them more attractive to major companies. Putting in advance infrastructure to service those sites has been deemed critical. There is some access to that site currently, but not enough. This infrastructure would also improve access to Coliseum Central from other businesses in that area.

Presented by John Yorks, City Engineer.

A motion was made by Councilmember Hobbs and seconded by Councilmember Curtis, that this Resolution be approved. The motion carried by the following vote:

Aye: 7 - Councilmember Weston Brown, Councilmember Brown, Councilmember Curtis, Vice Mayor Gray, Councilmember Hobbs, Councilmember Snead and Mayor Tuck

Appointments

Following the deferral of the Virginia Air & Space Center Board of Directors appointment, Ms. Glass read a summary of the proposed appointments.

Interim City Attorney Lola Rodriguez noted that Ms. Bunting needed to be appointed to the Planning Commission to fill the role of retired Assistant City Manager James Peterson. Ms. Glass added that appointment to the end of the motion.

23. [18-0177](#) Consideration of appointments of Council Liaisons to various Boards, Commissions and Committees
