

HAMPTON VA

Safe & Clean Update

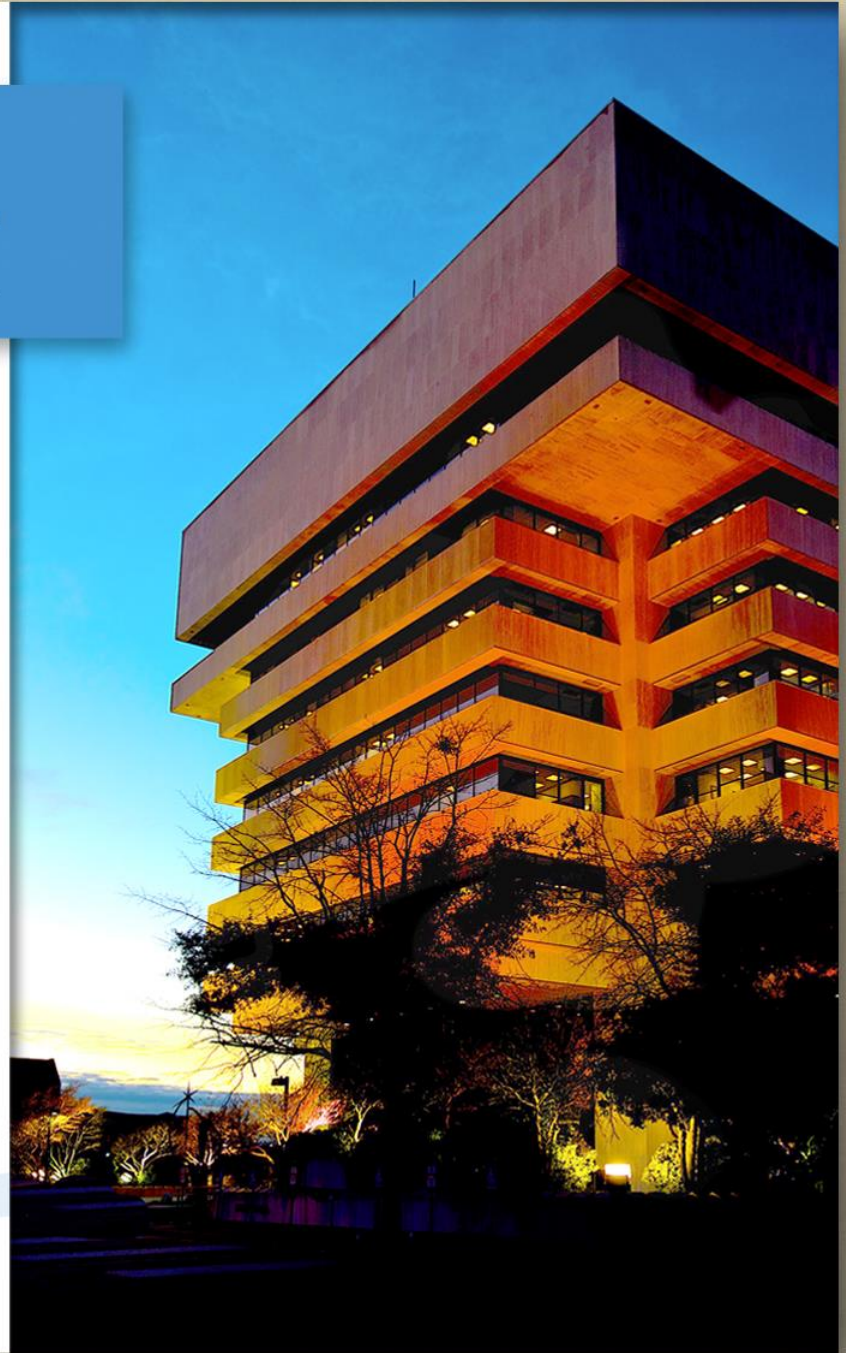

July 2019

HAMPTON VA

Safe & Clean

Multi-Departmental City Effort Crossing Traditional Lines

Who Works on Safe & Clean Initiatives?

- City Manager's Office
- Hampton Police Division
- Adult and Juvenile Probation & Parole
- Hampton Fire & Rescue
- Community Development – Property Maintenance and Neighborhoods
- Citizens Unity Commission
- Public Works
- Hampton Redevelopment & Housing Authority
- Human Services
- Youth and Young Adult Opportunities
- Hampton City Schools
- Information Technology
- Marketing
- 311 Customer Service
- City Attorney's Office
- Parks, Recreation & Leisure Services
- Budget
- Emergency Management

Background

- “Safe & Clean” adopted as the city’s effort to have departments collaborate and work intensively in defined areas to address issues of crime and blight.
- City Council adopted ordinances and policies to reduce crime and blight (“broken window theory”)

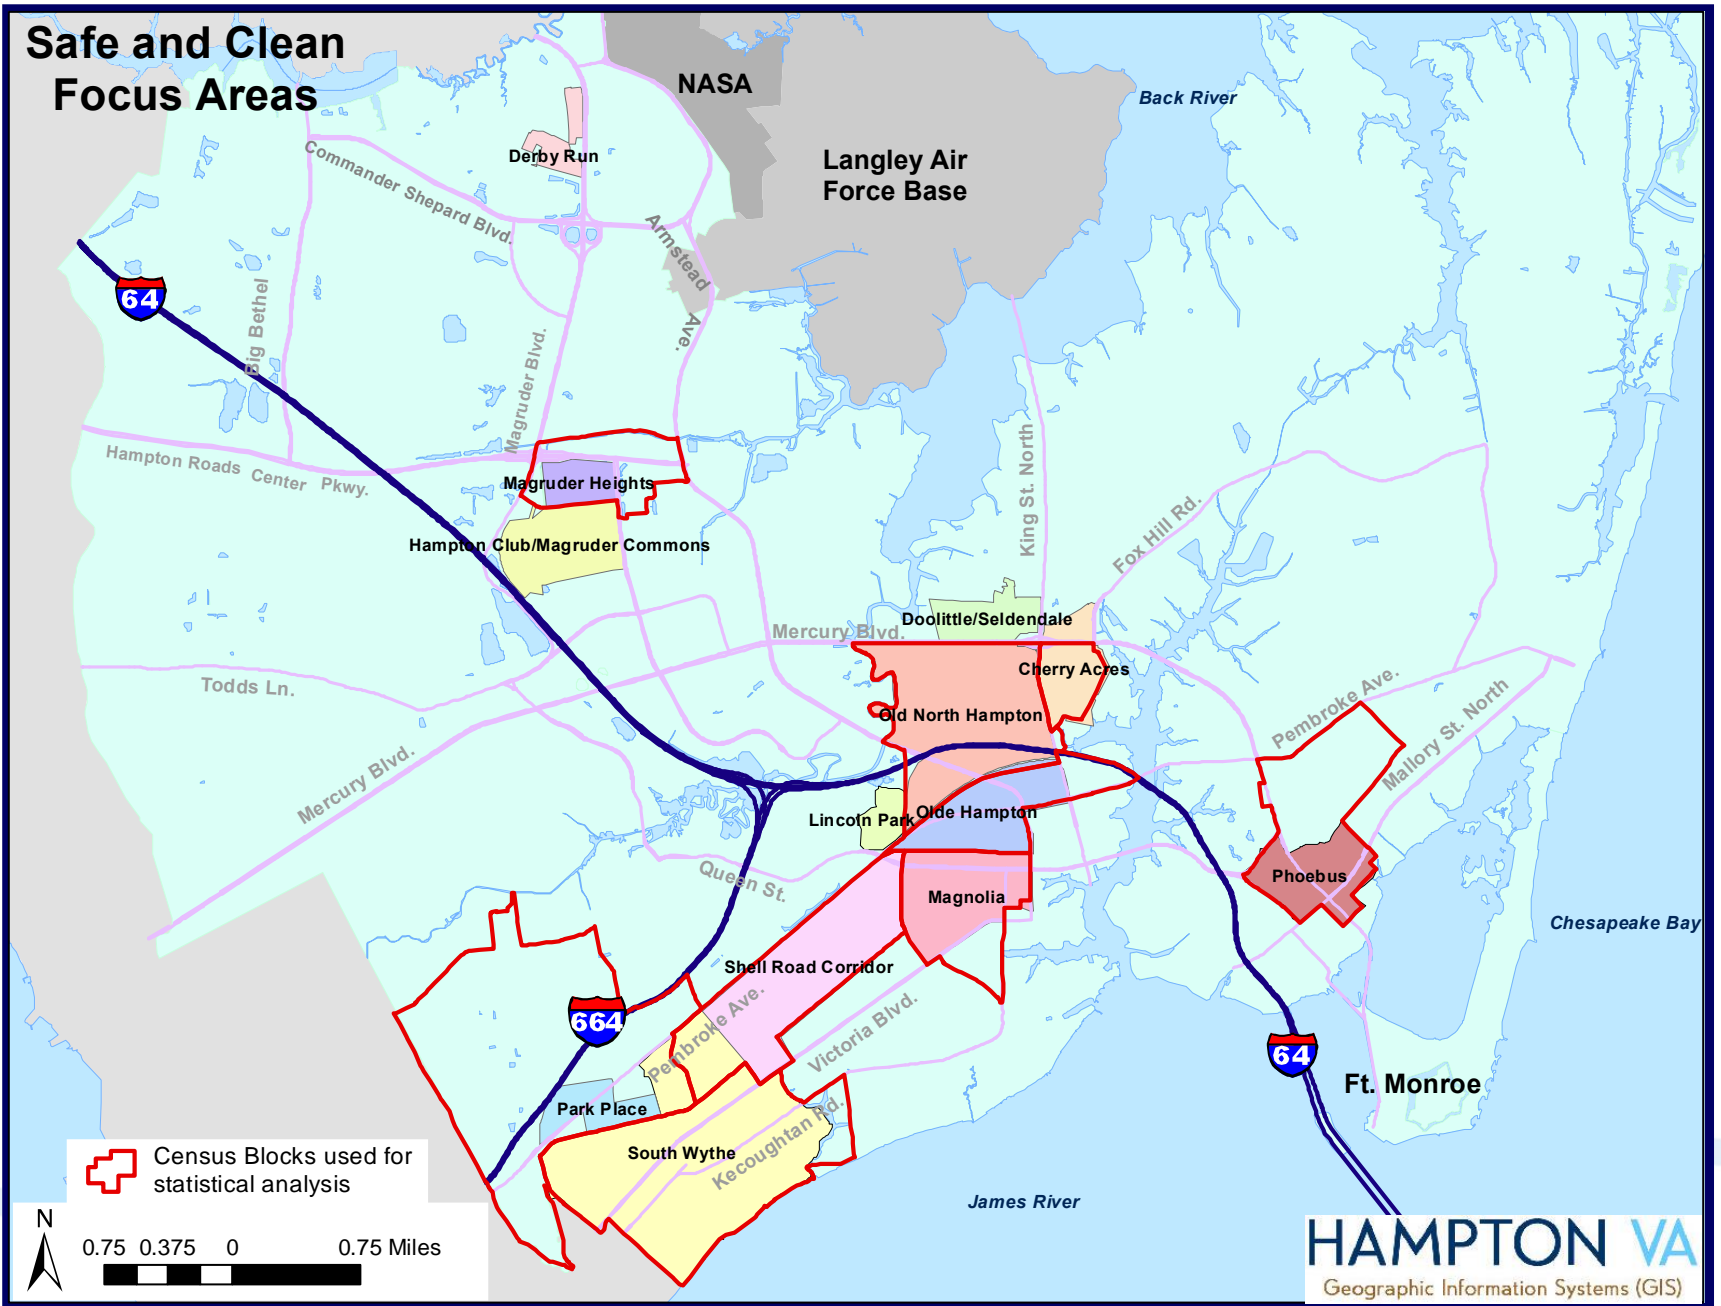

Goals of Safe & Clean

- Decrease incidences of violent crimes and serious property crimes
 - Reduce blight
 - Ensure housing is kept to standards of safety
- 

Strategies of Safe & Clean

- Implement new tools for enforcement
- Ensure that all departments are working together
- Establish relationships with neighborhoods
- Build trust and increase communication with police and other city officials, agencies and departments
- Offer city programs and tools for neighborhood improvements

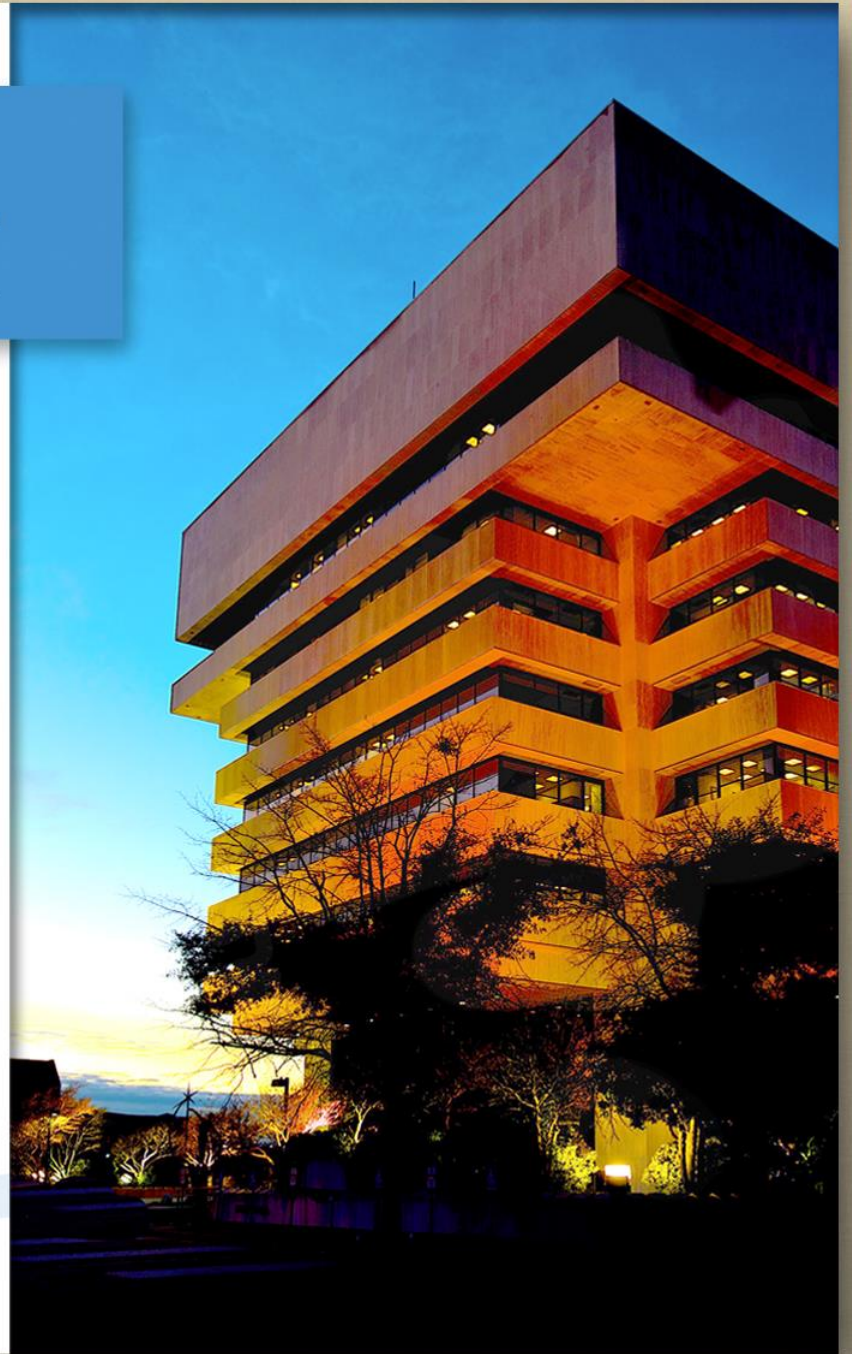

Safe and Clean Focus Areas

HAMPTON VA

Safe & Clean

**Housing &
Neighborhood
Services Division
Support**

Neighbors

Neighbors by Ring

- Free to download and exclusively crime & safety
- All videos and images supported and you do not need to own a surveillance system to participate
- Receive alerts on your smartphone from Neighbors & Hampton PD
- Share and comment on suspicious activity & crime in your neighborhood
- All Neighbors are completely anonymous
- All posts and comments are reviewed by moderators to ensure they are relevant and appropriate

HPD and Ring Partnership

The Hampton Police Division partnered with Ring in early 2019.

- Since that time:

- Ring camera footage submitted in the portal has been used to assist in the investigation of numerous crimes throughout the city. Many of these crimes involve firearm offenses and vehicle larcenies.
- Hundreds of investigative leads have been submitted by Ring users for follow up.
- HPD is now capable of requesting video and communicating directly with Ring users in specific areas where crime has occurred.
- The Ring Neighbors Portal has proven to be a powerful investigative tool in the short period of time we have been using it.

Peninsula Violent Crime Summit

Peninsula Violent Crime Summit Initiatives

Understanding the Problem of Stolen Firearms:

Where are the Guns Stolen From?

An analysis was conducted in the City of Hampton to determine where the majority of Firearms were stolen from. Information retrieved from the Hampton Police Division Records Management System (RMS) revealed that the majority of firearms were stolen during burglaries from year 2014 through year 2016. There was a shift for year 2017 through Year-to-Date (Jan.-Mar.) 2019. During that period, the majority of firearms were reported stolen during Larceny from Vehicle incidents. Vehicles were left unlocked and unattended by citizen and firearms stored in vehicles were unsecured and easily accessible by the offenders.

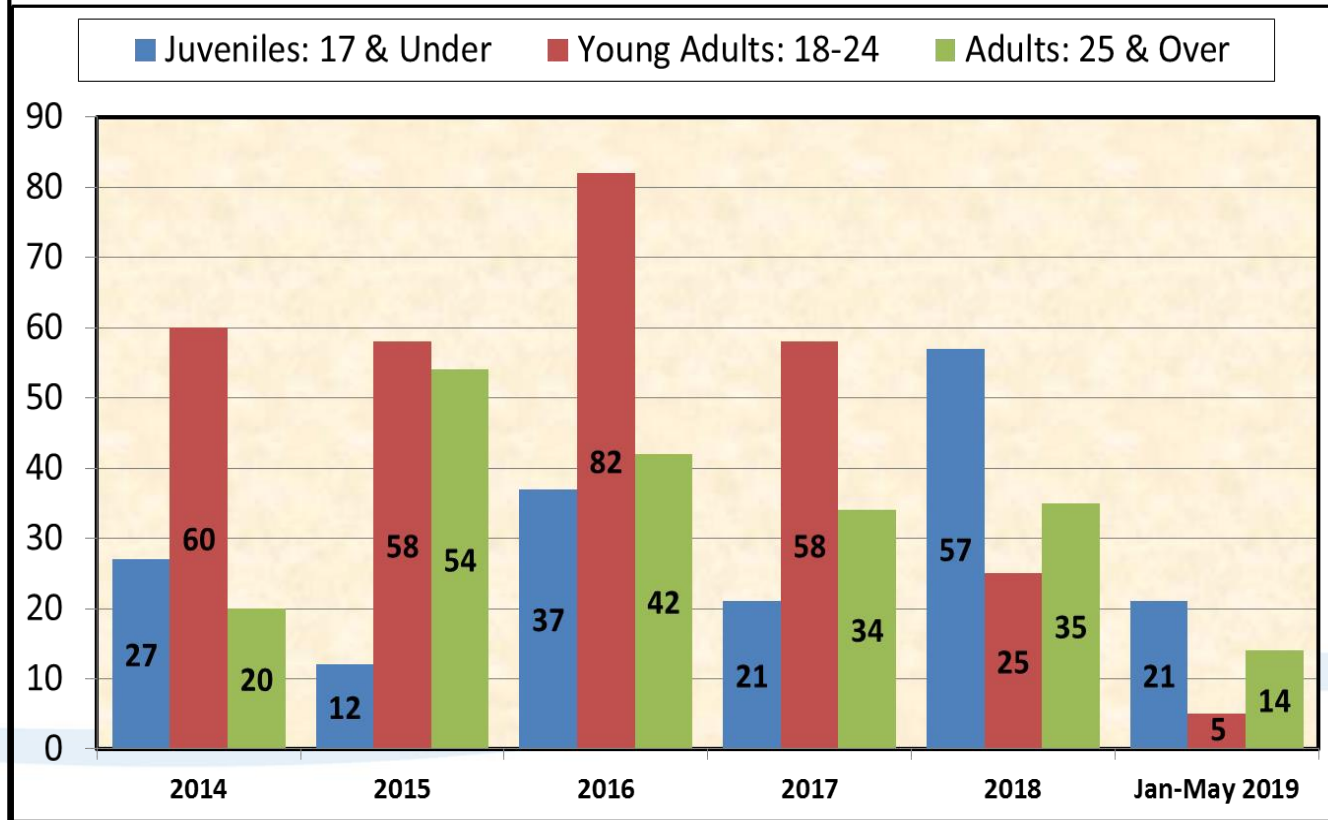

Once offenders obtain stolen firearms they can quickly elevate to committing violent crimes such as murder, robbery and aggravated assault. A stolen firearm in the hands of an offender empowers the criminal element and subjects more people to become victims of violent crime.

Peninsula Violent Crime Summit

Firearm Involved Offender Data by Age Group Analysis:

Murder, Robbery, & Aggravated Assault Offenses

January 1, 2014 through May 31, 2019

Peninsula Violent Crime Summit

Conclusion:

The Violent Crime Summit for the Hampton Roads Peninsula was successful in identifying common problems that affect each agency in Hampton Roads Peninsula, Virginia. It was determined that **Guns, Gangs & Drugs** are the main components of violent crime that are related to the jurisdictional area. This brings the focus of each agency's approach to combat the elements that relate to those crimes and offenders.
