About Us:

Commonwealth Funeral Service is a branch of Suburban & Seven Rivers Removal & Transport Services; that offers a unique set of services to the funeral industry. Today we are not only one of the largest Removal/Transport services in Virginia but also one of the largest mortuary/trade services in VA offering embalming, cremation & storage. In 1989 we began serving as an elite Removal & Transport Service in the Hampton Roads area of Virginia. Fast forward to 2012 our service went from solely transportation to offering embalming and funeral director license coverage to all our local funeral firms and out of town firms. In 2016 our service expanded again with another branch in Richmond, Virginia. With all the demand across Eastern and Central Virginia, in 2018 we decided to start building a State-of-the-Art Mortuary Service in Richmond so that we could handle Ship-outs, ship-ins, Embalming, cremation and storage. Today we are proud to offer our Services to all Funeral Homes, death care professionals, emergency first responders, Medical Examiners, and medical institutions to aid in the **First call, Storage, Preparation, Cremation and Final Disposition** of deceased bodies.

Mission

At Commonwealth Funeral Service our mission is to combine ***integrity*** with ***excellence*** in every action and decision. ***Integrity*** is indispensable to our mission. Narrative Statement

Now that you have an overview of our business, I would like to describe our expansion plan to the City of Hampton, Virginia. We are looking to duplicate our existing business model into the Hampton Roads market. We are requesting a special use permit to establish a second location at 611 Rotary St. Hampton, VA 23661. This property is currently zoned M-2 and is located in Copeland Industrial Park, this is the exact zoning and type of setting we currently have in Henrico County Virginia. The space at Rotary Street is perfect for our business structure because of a few main reasons.

1. The property is very discrete and hidden in an industrial park, away from high population districts. This industrial park also has the utilities we need like high pressure natural gas, high voltage electricity and sewer system.
2. Zoning is M-2 or heavy industrial which aligns with our plan to have a retort/crematory.
3. 611 Rotary St. is an industrial flex space which allows us to operate a business that requires more of a warehouse space than office or condition space.

The property is approximately 3,200sq/ft and is broken down into 2,200sq/ft of warehouse and 1,000sq/ft of conditioned office space. We will not need to make any changes to the existing layout of the property, we will only need to retrofit the space with a crematory and a walk-in refrigeration unit. This property currently has 3 dedicated parking spaces which is more than enough since we will not have any outside traffic to or from the property from the general public. This property also has a large fenced in drop yard which gives us more privacy for our operation. This proposed expansion will require a staff of no more than two to three people which will rarely ever be occupying the property all at the same time. We are a 24/7/365 a year business since death is not predictable. In short, we are looking to expand our services to an area that we currently serve and have been serving since the late 1980's. Our Hampton Roads clients currently must contract with us to transport to our Richmond location for embalming, cremation and storage of human remains. We would like to serve these clients more efficiently and with less liability on both parties and expand our reach to others in this area and to Southside Virginia.

Please let me know if you have any questions, concerns or need any further information.

Clarification Statement

Proposed Uses:

- Embalming of Human Remains
- Cremation of Human Remains
- Storage of Human Remains.

Business Overview:

Our business model is business to business transactions only "We do not and will not serve the general public". Our services are only available to Funeral Homes, Police Departments, Medical Examiners & Medical Institutions.

Property Contents:

611 Rotary St Hampton will have an office space for no more than 2 staff members, Embalming/Preparation room, Walk-in cooler, and crematory/retort.

There will be no viewing room or chapel as we do not serve the public or conduct funerals/visitation.

Parking Requirements/Employees:

Depending on your point of view, there are 3 parking spaces in front of 611 Rotary St. They are designated for this commercial space only. There will be no more than 2 employees at this location at the same time, we will have 3 dedicated employees, but they will work different hours and have schedules that do not overlap. In conclusion we will not need any more than 2 parking spaces at any given point of any given day.

Please let me know if you have any concerns, question, or need further clarification.

Thanks

Jeffrey McLamb
