Re: [EXTERNAL] Re: Use Permit for a dog day care.

To: Glover, Frank

 You forwarded this message on 10/18/2021 4:40 PM.

Good afternoon,

Thank you for keeping me up to date on the process.

To be clear I have personally seen Misty Collins coming out of the doors several times during periods of time that would not be considered regular business hours. I believe that she is using the property as her residence which is not from what I understand as to be proper use. Essentially she is squatting in a business and has been doing so for a very very long time. It pains me that the city of Hampton is allowing this to even be considered appropriate in any manner.

Unfortunately, I will not be attending the meeting due to my step-daughter will be getting married this weekend and we will be with her and her family.

I would appreciate this being brought to light as well as the fact the building is not suitable with the surrounding property for any form of boarding or day care for dogs since there is not any grassy area or any area suitable for them to get was used basic fresh air and sunshine.

Thank you again and I hope that these issues are addressed and the permit is denied.

Best regards,

Jim Noppen
