#### Demonstration of Need\*:

As the Chief Law Enforcement Officer for the city of Hampton, the role and obligations of the Commonwealth's Attorney play a pivotal role in safeguarding and promoting the well-being of the 137,756 residents it serves. The Hampton Commonwealth's Attorney's Office is committed to enhancing the quality of life for the citizens and that the laws of the Commonwealth be enforced in pursuit of justice for all. A comprehensive analysis of violent crimes in the City of Hampton spanning from 2009 to 2021 revealed a concerning trend where African American males were disproportionately victimized by violent offenses. During this same timeframe, a staggering 53% of all firearm-related homicide victims were under the age of 25, underscoring the vulnerability of our young population to such violence. Tragically, victims of violent crimes are often ensnared in a cycle of violence themselves, residing in communities where violence is distressingly prevalent. The beginning of 2023 marked a surge in violence, with eight separate incidents resulting in loss of life and ten individuals sustaining non-fatal injuries. In a cumulative analysis spanning from January 2021 to October 2023, Hampton recorded a total of 453 firearm-involved incidents, combining both fatal and non-fatal cases.

Moreover, according to one of our city partners, the Office of Youth and Young Adult Opportunities, a survey initiated by researchers from Christopher Newport University's Center for Crime, Equity, and Justice Research and Policy (CCEJRP) was conducted. The objective of this survey was to gain a more profound understanding of how community members perceive the causes and consequences of crime and safety in the City of Hampton. The ultimate aim was to align the city's initiatives with the genuine needs of the community. The survey unveiled that the majority of respondents identified unsupervised youth, drug-related issues, and concerns related to mental health and well-being as the top three contributors to crime. In addition, the survey underscored a substantial discrepancy between individuals' awareness of available community resources and their actual utilization. Survey respondents also expressed pervasive concerns about the accessibility of firearms for individuals at high risk and the prevalence of crimes occurring during nighttime hours. The population intended to serve are citizens in the City of Hampton who have been impacted by violent crime. This population consists of individuals who have experienced the traumatic effects of violent incidents. The Commonwealth's Attorney's Office has made significant gains in identifying and apprehending these high-risk individuals and in understanding the root causes of violence. We have done this, in part, by collaborating with criminal justice stakeholders and the communities most impacted by gun violence. In 2017, the Commonwealth's Attorney's Office partnered with community members and criminal justice stakeholders to develop a program entitled Community Empowerment to Reduce Violence (CERV). The Violent Crime Review brought together criminal justice partners and individuals from the community that are most impacted by violence to share their knowledge of violent gun crimes in Hampton and to develop prevention and intervention strategies using strategic problem analysis.

Currently, the office has developed programming for Prevention, Intervention, and Enforcement (P.I.E). The Commonwealth's Attorney's office has the Junior Commonwealth's Attorneys Summer Program which works to strengthen crime prevention and educational outreach. This is a free opportunity to allow students to learn about the Criminal justice process and professionals who work in the field. Students will participate in an interactive curriculum to include courtroom observations and field trips to the Federal Bureau of Investigation, Hampton Police Department, Virginia State Capitol, Hampton Courts, Hampton 911 Center and Office of the Attorney General. Educating Kids about Gun Violence (EKG) is a two-hour interactive classroom and community presentation led by trained EKG Team. The team will use the EKG curriculum, photographs, case scenarios, personal stories, and small group discussions to educate students about the consequences of gun possession, gang-related violence and the positive alternatives available. The Caviar Club is a support group for youth and young adults between 12-25 who have been victims or witnesses to violent crimes. Finally, the Group Violence Intervention (GVI) Call-Ins provide a platform for offenders and group/gang members to meet with resource partners and law enforcement officers face-to-face. Every call-in participant will be offered assistance with education, employment, counseling, and healthcare. Each person will be warned that from this point forward, he/she is targeted for vigorous prosecution if the violence does not cease.

#### Project Description\*:

The aim of the Commonwealth's Attorney's Office project is to enhance the Operation Ceasefire (P.I.E.) team by incorporating an Operation Ceasefire Victim Specialist and an Operation Ceasefire Investigator. This expanded team will collaborate with the existing Operation Ceasefire Program Coordinator and will further the overarching goal of decreasing violent crime in the city of Hampton. The project will provide community engagement, intelligence gathering, offender communication, victim support, resource allocation, and public awareness.

Under the direction of the Project Director, the victim specialist and investigator positions will be advertised within the first quarter of FY2024. It is

anticipated by the second quarter of FY2024, all vacancies will be filled, and will begin their assigned duties for the Operation Ceasefire Team. Operation Ceasefire efforts will be an ongoing, evolving program with elements that may run simultaneously or sequentially. The timeline will be from the grant cycle as the program aims to have a sustained and lasting impact on reducing violent crime in the community.

Through grants provided by VOCA (Victims of Crime Act), several successful initiatives have been introduced through the Commonwealth's Attorney's office such as the Rapid Engagement and Support in the Event of Trauma (R.E.S.E.T.) program and a support group dedicated to Homicide Survivors. Furthermore, the Office of the Commonwealth's Attorney efficiently manages several other grants administered by DCJS (Department of Criminal Justice Services), including those related to Virginia Sexual and Domestic Violence, the American Rescue Plan Act, and Operation Ceasefire. At present, the office is responsible for overseeing more than \$700,000 in grant funding. Recognizing the importance of financial sustainability, the office is dedicated to ensuring the continued provision of services beyond the grant funding period. This proactive approach involves a comprehensive understanding of grants and funding streams. Continuously, the Grants Administration team for the office monitors potential funding opportunities and remain committed to seeking new avenues for grant support.

Additionally, the office will engage with city authorities to explore the possibility of integrating this position within the city's budget. This, along with the pursuit of alternative funding sources, will be instrumental in safeguarding job stability and ensuring that the program's measures continue to benefit this community without disruption.

This project will maintain its commitment to consulting with subject matter experts at the National Network for Safe Communities, the Office of the Attorney General, and other professionals in the field of violence prevention. The team will have the capacity to employ data collection methods for assessing program performance. Currently, the existing case management system, Prosecutor by Karpel, is equipped to record and store statistical data. Additionally, the office will employ surveys and other feedback mechanisms to assess and appraise the project's effectiveness.

DATE: June 26, 2020

SUBJECT: Signature Authority for Deeds and Contracts

---

There is currently a need to update the list of signature designees authorized in my absence. However, the authorized designees will be able to perform this duty in my absence or unavailability. Attached for your convenience is the previous designee authorization and section codes from the Code of the City of Hampton.
