Dear Sadina Little,

ProQuest LLC, (ProQuest), a part of Cambridge Information Group, is committed to providing global access to one of the largest online content repositories in the world. Throughout ProQuest's evolution, we've established our position as the leading provider of microform and electronic information to school, academic, public, and government libraries around the world. Since 1938, we've worked closely with the worldwide publishing community to preserve and provide access to information. Our many long-term, trusted partnerships with publishers have made ProQuest the information company of choice for over 9,000 publishers.

ProQuest aggregates source material from third-party publishers and creates associated abstracts, indexes, transcripts, and other proprietary elements for such material to make up our products and services. The databases we provide are derivative works as defined under the Copyright Act of 1976, Title 17 U.S.C. and are subject to separate copyright protection. ProQuest is the sole holder of the copyright in the ProQuest-created products and services as a collective or derivative.

With respect to third-party databases, ProQuest distributes and hosts certain third-party databases and in some cases provides the associated full-text articles, transcripts, and other value-added elements to complement the offering through ProQuest's own proprietary online search engines. Additionally, ProQuest is the proprietary owner of the on-line platforms that form a substantial part of the ProQuest®, Alexander Street™, RefWorks®, and its other on-line information and research services.

As a result, only ProQuest can provide the content combined with the proprietary platform and user experience for the following products/services:

African American Heritage
Ancestry Library
RNP Daily Press (Newport News)

If you need additional information, please contact me directly.

Sincerely,
