Narrative Statement for Conditional Rezoning

1644 Briarfield Road
Hampton, Virginia 23661

Hampton Redevelopment and Housing Authority, a political subdivision of the Commonwealth of Virginia ("HRHA") owns the 1.19 acre property containing the approximately 7,969 square foot building located at 1644 Briarfield Road, Hampton, Virginia (the "Property"). A conditional rezoning for this Property was approved by City Council on January 13, 2000, which included nine (9) proffers. One of the proffers stated that the use of the property shall be limited to a Group Home II and or public/private educational or recreational uses. HRHA is applying for a conditional rezoning of the Property to modify the proffers to allow for broader community uses such as a group home, juvenile residence or shelter. The intent is to ensure the property continues to be available to serve vulnerable populations and to provide housing opportunities for people with special needs.

HRHA leased the Property to Hampton Newport News Community Services Board (the "Community Services Board"). The Community Services Board constructed the improvements on the Property in 2001 which included a 7,969 square foot building (the "Building"), and operated a twelve (12) unit custodial care group home. The lease executed between HRHA and Community Services Board was dated August 1, 2000 and recorded in the Office of the Clerk of the Circuit Court for the City of Hampton, Virginia in Deed Book 1339, page 772. The Community Services Board did not renew its lease in 2024 partially due to the Department of Justice Settlement with the Commonwealth of Virginia. The Settlement stated that individuals with intellectual and development disabilities should not be placed in a congregate setting of more than five individuals unless it is consistent with their needs. As such, the Community Services Board changed their model for housing their clients to comply with the settlement requirements. The new model utilizes smaller 4-unit facilities for clients who are unable to live independently. The Community Services Board explored alternative uses but ultimately decided not to renew the lease. Upon termination of the lease, the Property and Building reverted back to HRHA.

In an effort to facilitate the reuse of the Building for broader community uses, HRHA engaged Hudson + Associates Architects ("H+A") to perform a change of use study. H+A reviewed the Building and all applicable codes. H+A determined the necessary improvements and renovations to be completed to comply with the applicable building codes. Issues such as accessibility and fire code requirements were reviewed and addressed. The necessary repairs will be made prior to the commencement of operations.

The exterior of the Building will not be altered, but renovations will include the addition of interior items to make the Building compliant in order to accommodate a change in use. In addition to the living spaces, the building will contain office spaces, dining area, a kitchen, common area, laundry facility, and storage. There is no anticipated impact on adjacent properties or to any city services.

The Property will contain sufficient parking that will comply with all applicable codes. The parking lot will be sufficiently lit to provide a safe environment for residents and staff. In addition, the ingress and egress will be easily accessible from Briarfield Road.

The Hampton Community Plan, 2006 as amended, identifies Briarfield Road as a residential corridor with commercial nodes. The Building is located next to Bridgeport Academy and West Hampton Community Center with business/industrial uses behind it. The proposed uses are consistent with the following recommendations regarding housing, neighborhoods and special populations:

- Support housing opportunities for individuals and groups with special needs including seniors, youth, and persons with disabilities. (Housing & Neighborhoods Policy 25)
- Support housing that incorporates facilities and services to meet the health care, transit, or social service needs of households with special needs, including seniors and persons with disabilities. (Housing & Neighborhoods Policy 26)
- Support the provision of emergency shelter, transitional housing, and related services to address homelessness at both the local and regional levels. (Housing & Neighborhoods Policy 27)
- Encourage the location of housing opportunities for the elderly and persons with disabilities in corridors where public transportation is available. (Transportation Policy 38)
- Expand partnerships with private health and human services providers. (Community Facilities Policy 48)
