

Stormwater Management Facility (SWMF) Safety Design Review

Project Name _____

Date _____

Yes No

- Is SWMF located on public property, i.e city, schools or parks?

- Is SWMF located adjacent to a residential area, school, playground or right-of-way?

- Is SWMF a wet or dry basin?

- Does the depth of the SWMF exceed 3'?

- Does the SWMF include a safety bench?

- Is the side slope steeper than 3:1?

- Will fencing limit the performance of both routine and long term maintenance?

Fence is/is not recommended.

If fence is recommended, specify type and height required.
