The acquiring Federal agency is the Department of Defense, United States Air Force pursuant to 10 U.S.C. § 2684a.

1. **Purpose**. It is the purpose of this Easement to limit any development or use of the Property that would otherwise be incompatible with the mission of Joint Base Langley Eustis-Langley (the "**Installation**"), or might interfere, whether directly or indirectly, with current or future military training, testing, or operations on, near, or adjacent to the Installation.

2. **Rights and Obligations of the Grantee**. To accomplish the purpose of this Easement, the Grantor conveys the following rights by this Easement to the Grantee:

- a. To limit any development or use of the Property that would otherwise be incompatible with the mission of the Installation, including flying operations, as contemplated by the Air Installation Compatible Use Zones and referenced documents in effect on the date this Easement is granted, or as may be amended from time to time;
- b. The right of ingress, egress and passage over the Property in order to monitor compliance with, and enforce the terms of, this Easement;

- c. To prevent any activity on, or use of, the Property that is inconsistent with the purpose of this Easement, and to require the restoration, by the Grantor, of areas or features of the Property that may be damaged by any inconsistent activity or use, pursuant to paragraph 4; including, but not limited to, the right to prevent and remove the erection or growth upon the Property of any building, structure, tree or other object that extends into the air space that exceeds a height established by C.F.R 14 Federal Aviation Regulations Part 77 (dated May 27, 2015 or as amended) or established by a military airport hazard area zoning standard together with the right of ingress, egress and passage over the Property for the above purposes;
- d. To unobstructed passage of all aircraft, ("aircraft" being defined as any contrivance now known or later invented used or designed for navigation of or flight in the air by whomsoever owned or operated, in all air space above the surface of the Property, to an infinite height above the Property);
- e. To cause in all air space above the surface of the Property such noise, vibrations, fumes, dust, fuel particles, light and all other effects that may be caused by the landing, taking off or any other operation of any aircraft or such as may be caused by the operation of any other thing directly or indirectly related to the mission of the Installation;
- f. To post signs on the Property indicating the nature and extent of this Easement.

3. Rights and Obligations of the Grantor. To accomplish the purpose of this Easement, the Grantor retains the following rights:

- a. To limit any development or use of the Property that would otherwise be incompatible with the mission of the Installation, including flying operations, as contemplated by the Air Installation Compatible Use Zones and other related documents in effect on the date this Easement is granted, or as may be amended from time to time;
- b. To enter upon the Property at reasonable times in order to monitor compliance with, and enforce the terms of, this Easement;
- c. To prevent any activity on, or use of, the Property that is inconsistent with the purpose of this Easement, and to require the restoration, by the Grantor, of areas or features of the Property that may be damaged by any inconsistent activity or use, pursuant to paragraph 4; including, but not limited to the right to prevent and remove the erection or growth upon the Property of any building, structure, tree or other object that extends into the air space that exceeds a height established by C.F.R 14 Federal Aviation Regulations Part 77 (dated May 27, 2015 or as amended), or established by Unified Facility Criteria Standard 3-260-01, or other military airport hazard area zoning standard together with the right of ingress, egress and passage over the Property for the above purposes;

Grantor hereby represents, warrants and covenants that Grantor owns fee simple title to the Property and is duly authorized and empowered to execute and deliver this Easement and grant the rights, interests and easement herein.

6. Enforcement and Remedies. Upon any breach of a term of this Easement, the Grantee may institute suits to enjoin any breach or enforce any term by injunction and require that the Property be restored promptly to the condition required by this Easement. The remedies of the Grantee shall be cumulative, and shall include any other rights and remedies available to the Grantee at law or in equity.

7. Discretion of the Grantee. Enforcement of the terms of this Easement shall be undertaken at the discretion of the Grantee. No failure on the part of the Grantee to enforce any term of this Easement on one occasion shall discharge or invalidate that term or any other term of this Easement, or affect the enforcement right of the Grantee in the event of a subsequent breach or default.
