14

15 **Section 11-2.1. – Parking minimums in designated areas.**
16

17 (1) Definitions. For the purpose of this Chapter, the following definitions apply:
18

19 (a) Designated area means any parcel on which single-family residential, multi-family
20 residential, or mixed-use residential development is allowed by right or by
21 administrative or use permit, if any portion of that parcel is within one half-mile of any
22 public transportation facility.
23

24 (b) Public transportation means a common carrier for passenger transportation along
25 fixed routes by rubber-tired, rail, or other surface vehicles which are accessible to the
26 general public on a regular or continuing basis.
27

28 (c) Public transportation facility means any facility at or from which members of the
29 public board or disembark public transportation vehicles and which has each of the
30 following features:
31

32 (i) At least five (5) outdoor boarding areas, each of which must contain seating
33 for no fewer than three (3) people, which are covered from the elements by a
34 canopy or other enclosure; and
35

36 (ii) A building or structure which contains restrooms accessible to the general
37 public.
38

39 (2) Notwithstanding any provision of this chapter to the contrary, the minimum off-street
40 parking requirement for any single-family residential, multi-family residential, or mixed-
41 use residential development in a designated area shall be as follows:
42

43 (a) For mixed-use and multifamily developments other than townhouse dwellings, the
44 minimum off-street parking required shall be no more than one-half of one parking
45 space per each dwelling unit.
46

47 (b) For single-family and two-family developments and all townhouse dwellings, the
48 minimum off-street parking required shall be no more than one (1) parking space per
49 each dwelling unit.
50

51 (3) Any land use application for single-family residential, multi-family residential, or mixed-
52 use residential development shall disclose whether the development is in a designated
53 area and, if so, identify the public transportation facility or facilities which lie within one
54 half-mile of the project site.
