

OFFICE OF ECONOMIC ADJUSTMENT

2231 CRYSTAL DRIVE, SUITE 520
ARLINGTON, VA 22202

Mr. Bruce Sturk
Director of Federal Facilities Support
City of Hampton
22 Lincoln St.
Hampton, VA 23669-3522

Dear Mr. Sturk:

In response to your proposal to construct Air Power Park Tidal Flooding Mitigation under the Defense Community Infrastructure Pilot Program, this correspondence formally invites you to submit a complete application for grant funding of not more than \$707,009 in Federal funding to support the total \$1,844,017 project cost with the Office of Economic Adjustment no later than 5 p.m. PDT on Wednesday, August 26, 2020. To assist you with this application, Margit Myers, margit.a.myers.civ@mail.mil, (703) 901-7622 will be reaching out to you within the next day.

This invitation does not obligate any Federal funds for your proposal. Instead, it reflects the ranking your proposal received from the Cross-Service/Office of the Secretary of Defense Review Panel, and the availability of appropriations to possibly fund this proposal. It is imperative for this grant application to reflect, among other items, the scope, construction-ready status, validation of cost estimates and status of funding sources contained in your proposal submission, as well as the specific eligibility requirements, including site control and any required environmental analyses under the National Environmental Policy Act of 1970, as amended, as stated in the Defense Community Infrastructure Pilot

Program Federal Funding Opportunity. Failure to do so may result in a reconsideration of your proposal.

A complete grant application by the above date ensures we can perform our due diligence to ensure we make an award that is reasonable, allowable, and allocable for the proposed project no later than the week of September 14, 2020.

Any questions related to this invitation may be directed to Daniel Glasson, Deputy Director for Programs, daniel.l.glasson.civ@mail.mil, (571) 733-7467. We look forward to working with you to enable the completion of this important project.

Sincerely,

Patrick J. O'Brien
Director
Office of Economic Adjustment
