Subject: next Planning Commission meeting

Trina,

Hope you are well. I am writing to provide my support for Bay Disposal's request for modification of their use permit. This item is on your next Planning Commission agenda. Last year I had an opportunity to tour Bay Disposal's facility in Norfolk where they process all forms of garbage and recyclables. It was summer time and I totally expected to be repulsed by the smell of such an operation. Much to my surprise the facility was super clean and very well run. Additionally, the Hampton facility has been employing young men and women who have been in our City Jails. As you know, providing this population with an opportunity to make a living is incredibly important. Unfortunately, there is a very good possibility that if this use permit modification is not approved, Bay Disposal may terminate all future work in Hampton. I cannot imagine any reason that Bay's request should be in jeopardy, but I wanted to let you know that I have seen their work and their commitment to employment and I think they should be supported.

If you want to discuss this, please give me a call.

Mike
