Encouragement

Target students

- Students that are falling behind, not on grade level, need a boost of confidence, or as simple as needing work with homework and test taking strategies.
- I will implement a program that will encourage parents to....

U Read, We Read, I Read

- I will implement a program that will encourage parents to learn right along with their children.
- To meet the needs of students that can't afford tutoring, I will continue to apply for grants, look for sponsors, and fundraisers.

Summer Plans

- Partnered with Navy Federal
- We participated in the library reading program
- Pizza Hut reading program.
- These programs and many more encourage students to read.
- I plan to partner with these organizations again and others like this to encourage our students to use education as the key to success.
- George Washington Carver "Education is the KEY to unlock the golden door of freedom".

Giving our youth the freedom to dream and succeed at their highest level.

IT TAKES A VILLAGE

GOALS AND OBJECTIVES

- We believe every child can learn, just not on the same day nor in the same way.
- We want to help students SUCCEED in school.
- We want to be that positive change.
- We want to reach that student where he/she is.
- We want to make a difference one child at a time.
- I don't have the answer, but I want to do my part to make a difference in the lives of our youth.
