to Joy

Hi Joy,

My apologies for the delay. We experienced a death in my family on 12/18, and I have not had time to reply.

Regrettably, I must decline this honor. I applied to be on this board/commission multiple years ago. At that time, my schedule was vastly different. I was unaware my application was even under consideration.

I am currently employed full-time with the City of Hampton and do not believe I can balance a new position with this role, as I am only 3 months into my new position.

Respectfully,  
Amanda
