THIS SURVEY IS BASED ON A PLAT RECORDED IN THE CLERK'S OFFICE OF THE CIRCUIT COURT OF THE CITY OF HAMPTON, VIRGINIA IN MAP BOOK 402 AT PAGE 871.
 THIS IS TO DECLARE THAT I, ON DECEMBER 20, 2024, SURVEYED THE PROPERTY SHOWN HEREON. THIS SURVEY COMPLIES WITH THE MINIMUM STANDARDS AND PROCEDURES AS SET FORTH IN 18VAC10-20-380 CODE OF VIRGINIA.

THE BUILDING SHOWN HEREON APPEARS TO LIE WITHIN ZONE X (OTHER AREAS) ACCORDING TO THE FEMA - NFIP COMMUNITY PANEL NUMBER 515527-00254, DATED 05/10/2018. FLOOD ZONE DETERMINATION IS BASED ON THE FLOOD INSURANCE RATE MAPS AND DOES NOT IMPLY THAT THIS PROPERTY WILL OR WILL NOT BE FREE FROM FLOODING OR DAMAGE. CONTACT THE LOCAL COMMUNITY FLOOD OFFICIAL TO CONFIRM THE ABOVE INFORMATION. FLOOD ZONE INFORMATION WAS SCALED FROM F.E.M.A. FLOOD MAPS. ALPHATEC SURVEYORS, LTD. IS NOT A PARTY IN DETERMINING THE REQUIREMENTS FOR FLOOD INSURANCE ON THE PROPERTY SHOWN HEREON.

THE SURVEY OF THE PROPERTY SHOWN HEREON WAS PERFORMED WITHOUT BENEFIT OF A CURRENT TITLE REPORT, AND CONSEQUENTLY MAY NOT DEPICT ALL MATTERS AFFECTING THE PROPERTY SHOWN HEREON.

This document, together with the concepts and designs herein, as an instrument of service, is intended only for the specific purpose and client for which it was prepared. Reuse of and improper reliance on this document without written authorization and adaptation by Alphatec Surveyors, Ltd. shall be without liability to Alphatec Surveyors, Ltd.

NOTES:

1. ALL BUILDING DIMENSION SHOWN HEREON ARE TO THE EXTERIOR FACE OF THE BUILDING UNLESS OTHERWISE NOTED.
2. ALL VISIBLE FRANCHISE UTILITY APPURTENANCE (I.E. TRANSFORMER, UTILITY BOX, PEDESTAL, ETC.) MAY BE EVIDENCE OF AN EASEMENT.
3. ALL FENCES SHOWN HEREON ARE 48" CHAIN LINK UNLESS OTHERWISE NOTED.
4. ALL FENCE DIMENSION SHOWN HEREON ARE TO THE FACE OF THE FENCE UNLESS OTHERWISE NOTED.
5. RELATIONSHIPS BETWEEN FENCES AND PROPERTY LINES SHOWN HEREON ARE AT THOSE POINTS DEPICTED ONLY.

Narrative Statement - Rezoning Application

4218 Victoria Blvd, Hampton, VA 23669

Need for the Rezoning:

The proposed rezoning is necessary to facilitate the development of **residential units** on the subject property. Previously used as a **dance studio**, the site is well-suited for residential conversion, aligning with the city's housing needs and urban planning objectives.

Proposed Use of the Site:

At this time, the proposal includes the development of **four single-bedroom apartments**. The property has the potential to accommodate **up to six units** in the future, subject to further approvals. The immediate focus is on ensuring a smooth transition to residential use while maintaining compliance with zoning and planning guidelines.

Description of Any New Structures to be Constructed:

The project primarily involves modifications to the **existing structure** to support the residential conversion. There are no plans for new standalone structures at this time, but interior reconfigurations and enhancements will be made to optimize the living space.

Anticipated Impact to Adjacent Properties:

The conversion from a commercial use (dance studio) to residential units is expected to have a **neutral or positive impact** on neighboring properties. The proposed development is consistent with the surrounding land use and will not introduce high-traffic or high-noise activities.

Anticipated Impact to City Services:

The transition to residential use is not anticipated to **overburden city services**, as the property was previously an active commercial space. Water, sewer, and waste services are expected to **remain within normal usage levels**. Parking has been evaluated, and the existing **on-site parking is sufficient** for the proposed units.

Conformance with the Hampton Community Plan (2006, as Amended):

This proposal aligns with the **Hampton Community Plan** by:

- **Supporting housing development** in an established neighborhood.
- **Utilizing existing infrastructure** to minimize urban sprawl.
- **Encouraging adaptive reuse** of underutilized commercial spaces for residential purposes.

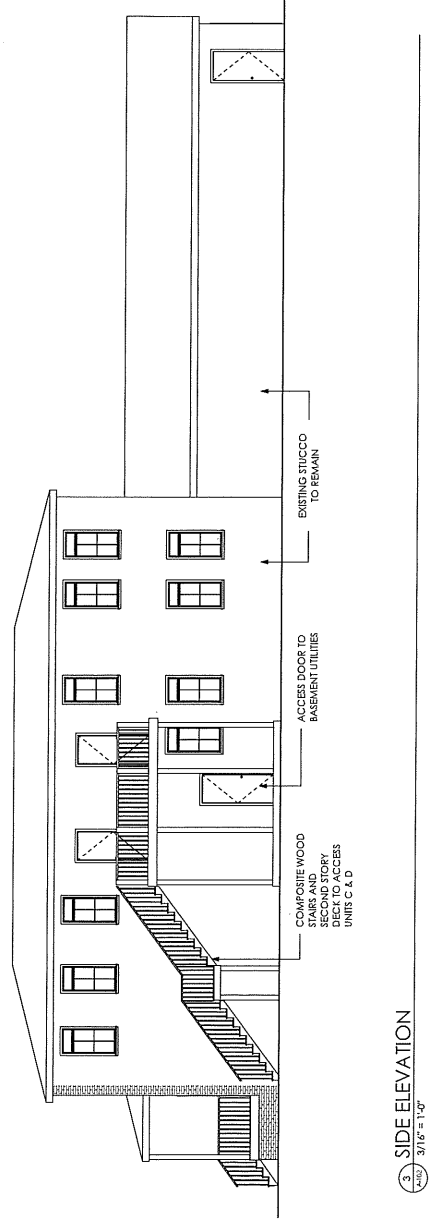

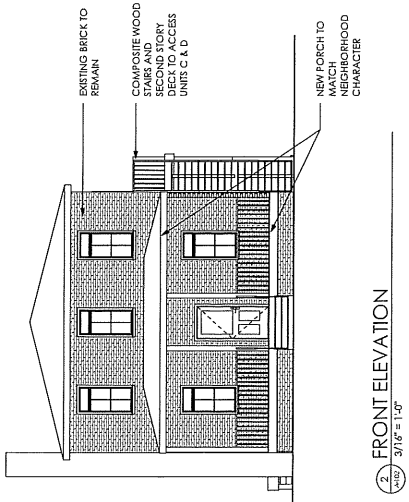

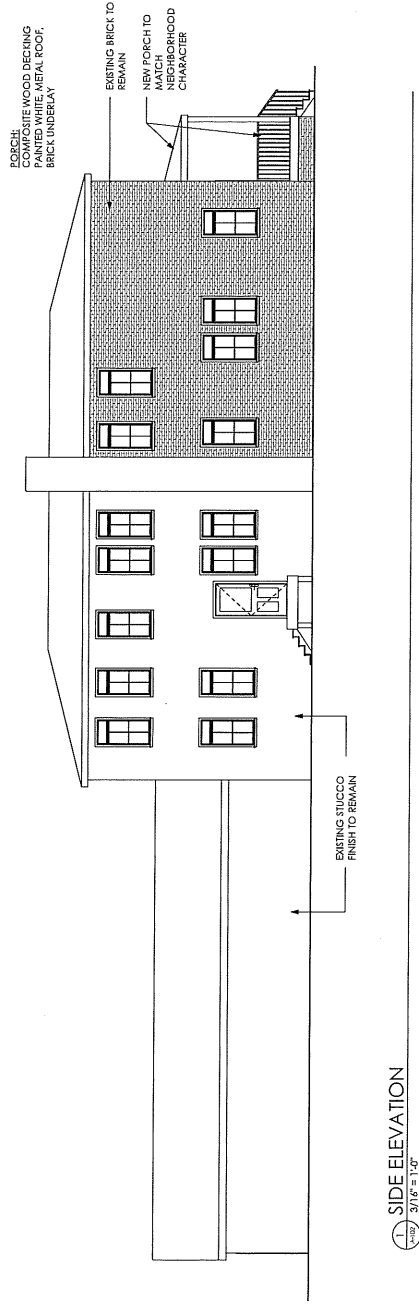

Conclusion:

Friday, March 14, 2025

This rezoning request reflects a **responsible and strategic** use of the property, addressing housing needs while respecting the character of the community. We appreciate the City of Hampton's consideration and look forward to the opportunity to **enhance neighborhood vitality** through this development.

Respectfully,
Adrian Mora

Setback Analysis and Site Condition Summary

4218 Victoria Blvd | Hampton, VA

1. Existing Site Conditions

The subject property, 4218 Victoria Blvd, is currently zoned **C-1** and is proposed for rezoning to **MD-4 (Medium Density Multifamily Residential District)**. Existing site conditions show that the primary structure does not meet the setback requirements specified for MD-4 zoning.

As documented in the attached site photographs, adjacent properties exhibit accessory structures and primary buildings aligned similarly to the extents of our existing building. These images confirm that the current site context features a consistent setback pattern among neighboring properties, supporting the existing built condition.

2. Applicable Zoning Requirements (MD-4 District)

Per the City of Hampton Zoning Ordinance [§5-5.3](#):

- **Front Yard:** No minimum front yard setback; maximum setback of twenty-five (25) feet.
 - *Note:* Parking is prohibited within the front yard.
 - **Side Yard:** No minimum side yard setback unless the property abuts a one-family residential district, in which case a minimum setback of twenty (20) feet is required.
 - **Rear Yard:** Twenty (20) foot minimum rear yard setback unless abutting a one-family residential district, in which case thirty (30) feet is required.
 - **Minimum Dwelling Area:** Each multi-family unit must have a minimum dwelling area of 500 square feet.
-

3. Nonconformity Acknowledgment and Contextual Alignment

Although the existing building does not strictly conform to the MD-4 side and/or rear yard setback standards, the surrounding context demonstrates a consistent pattern of reduced setbacks, accessory structures, and encroachments.

B.GRACE DESIGN

Given the surrounding development pattern, the property's existing condition is contextually appropriate and in alignment with the established character of the block. Any future improvements or redevelopment of the property would be evaluated for compliance with current zoning requirements, but the current structure represents a reasonable continuation of the adjacent built environment.
