Complete  
Implementing  
Next Steps

# Watershed Planning

# Water Plan Purpose

**Analyzes the landscape and challenges**, both physical & social

**Establishes a vision** for the future of the resilient watershed

**Identifies & presents projects** to achieve the vision

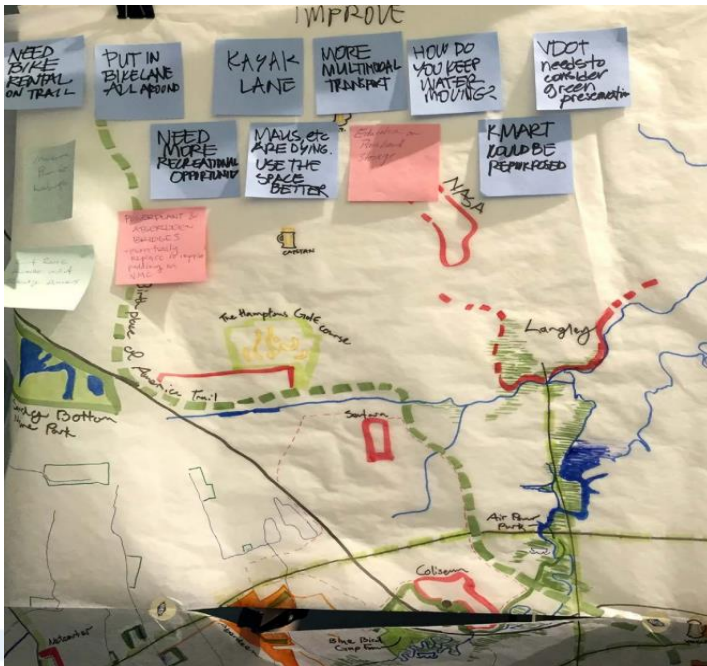

# Guiding Principles

- Create Value-Driven Solutions
- Reinforce Assets
- Layer Public Benefits
- Strengthen Partnerships
- Use Good Data
- Share Knowledge and Resources

# Community Outreach

- Community meetings
- Design workshops

# Public Policy

Hampton Community Plan (2006, as amended)

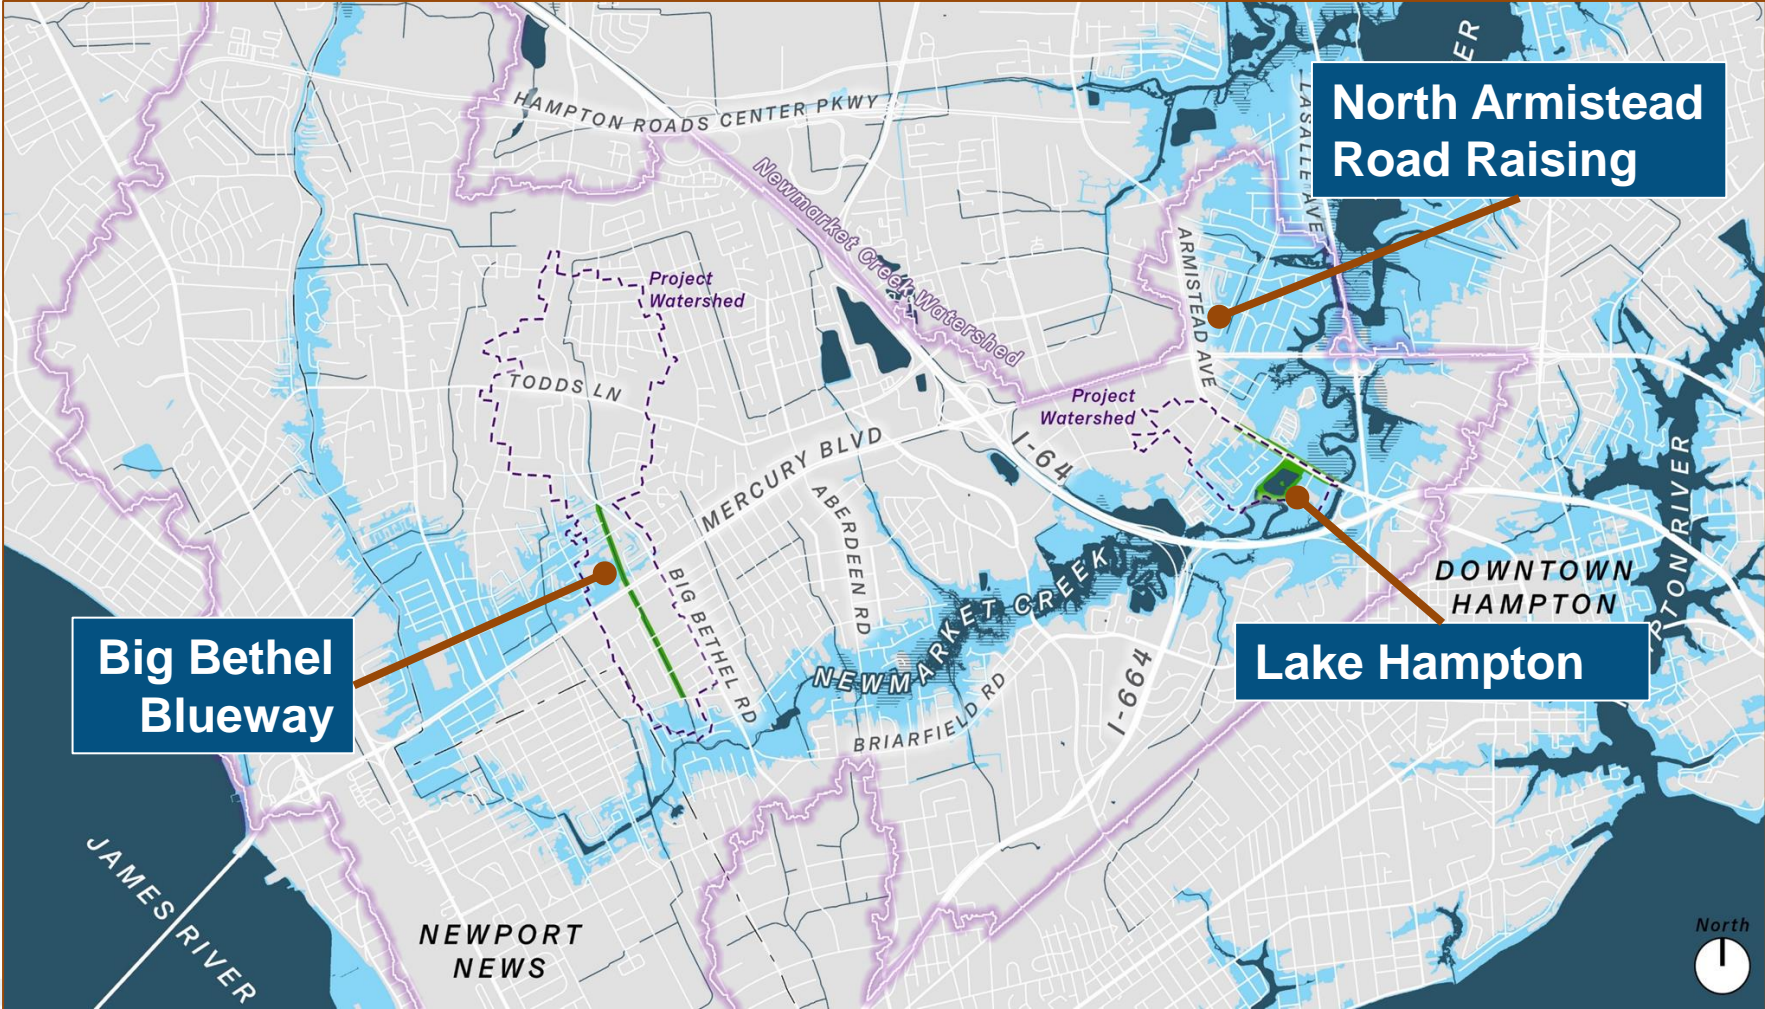

- **LU-CD Policy 37:** Allocate the appropriate space for water and water storage to help reduce risk to property
- **LU-CD Policy 38:** Recognize the water is an asset to be reinforced in land use decisions
- **LU-CD Policy 40:** Promote best management practices and development projects that provide multiple benefits
- **LU-CD Policy 44:** Align land use and land development codes and ordinances to support Hampton's resiliency goals

# Implications

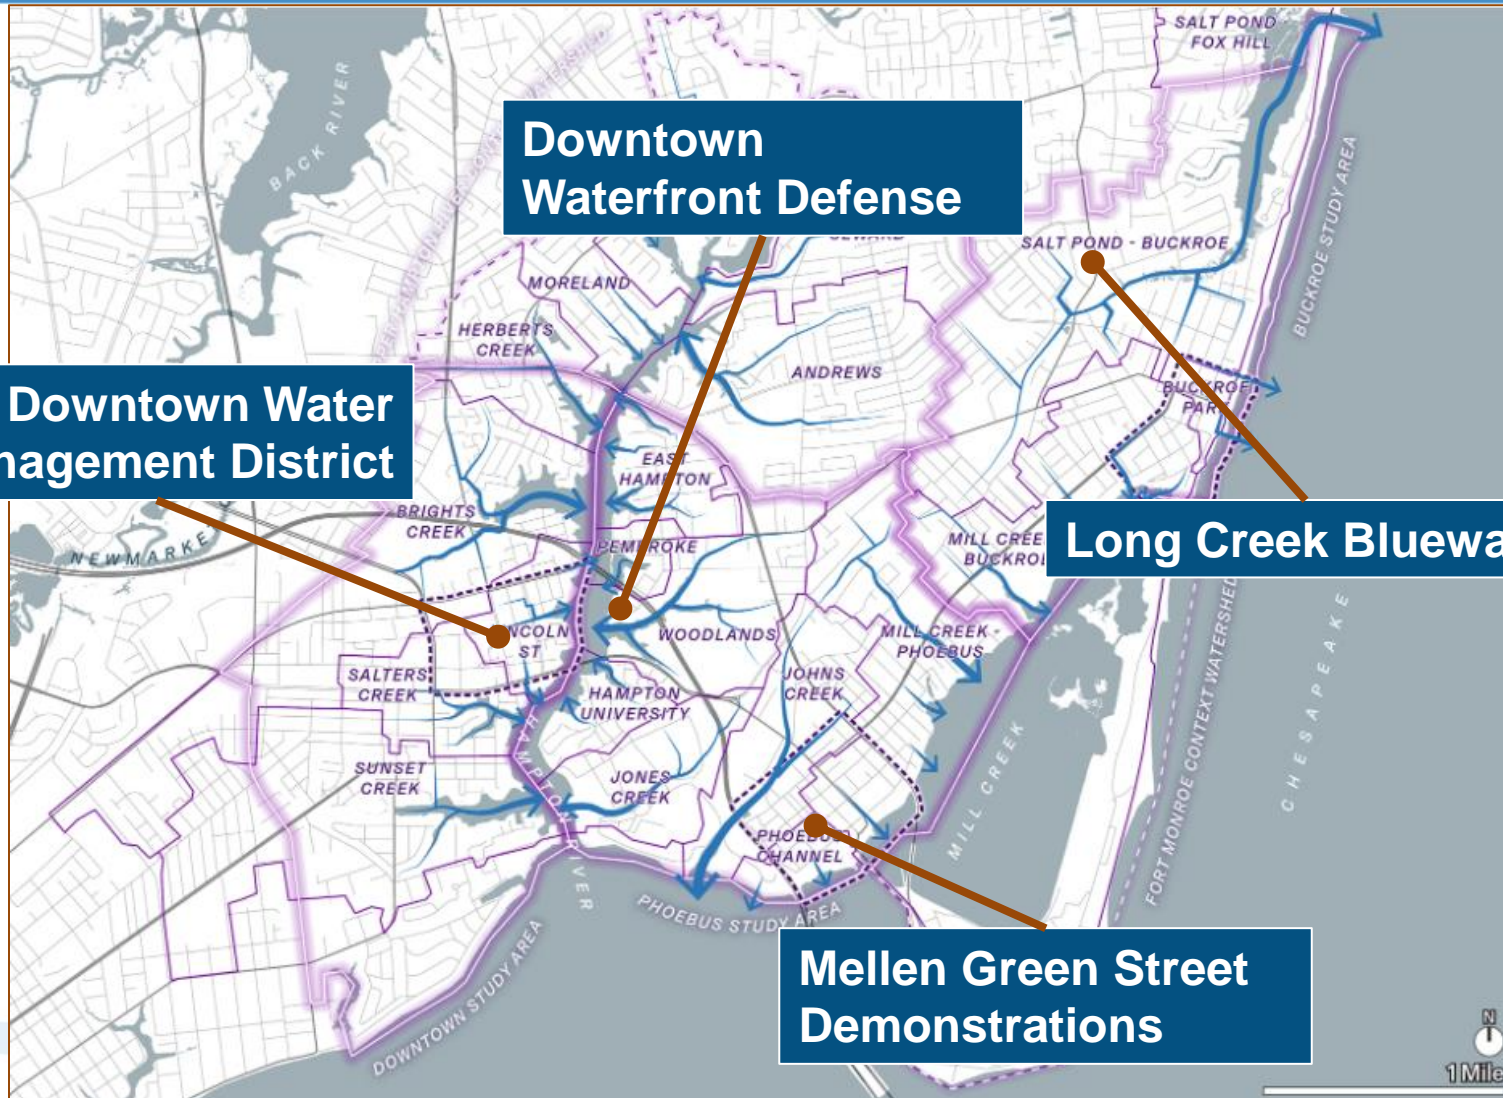

- Inform City Code and Zoning Ordinance Amendments such that they align with Hampton's resiliency goals
  - Inform decisions regarding Capital Improvement Projects
  - Provided standardized guidelines for incorporating resiliency elements into new development
- 

# Pilot Projects: Newmarket Creek

# Pilot Projects: Downtown, Phoebus, & Buckroe

# Conclusion

Staff and Planning Commission  
recommend **APPROVAL** of CPA

23-0279 & 23-0286
