Re: Parking credit request – Sly Clyde Ciderworks

Dear Mr. Smith:

I am in receipt of your request for a parking credit for 22 on - street parking spaces on E. Mellen St., E. County St. and S. Curry St., adjacent to your property. Due to the fact that the Phoebus Little League also depends on the E. County St. spaces at times that they are using the ballfields, I cannot include those 8 spaces in the request.

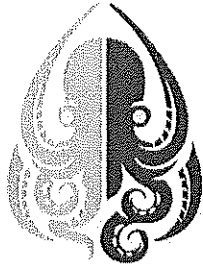

However, the zoning ordinance does allow a parking credit for on - street parking, adjacent to your property, and after review of your request and in consultation with the Directors of Public Works and Planning, I am granting a parking credit for 14 spaces on E. Mellen St. and S. Curry St. pursuant to section 11-8 (2)(a) of the City Of Hampton Zoning Ordinance.

If you have any questions, feel free to contact me at 727-6246.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven Shapiro", written over a horizontal line.

Please accept this request for parking credits for the 22 on street parking spaces available to Sly Clyde Ciderworks. The spaces are located on Mellen St, County Street and Curry Street.  
Thank you for your consideration

Sincerely
