Resolution Requesting \$1,600,000 from the Virginia Department of Transportation's ("VDOT") FY19 Revenue Sharing Program and Authorization for the City Manager to Execute Necessary Project Agreements

PURPOSE/BACKGROUND:

The City of Hampton has identified two projects that potentially qualify for VDOT's consideration under the Revenue Sharing program under Va. Code 33.2-357. This program funds projects on a 50% State and 50% Local share basis. The two projects are existing Revenue Sharing projects that have experienced a shortfall in funding. They are the Freeman Drive Reconstruction project which includes part of the Waterwalk at Central Park and the King Street Phase IV project which is located just north of Pembroke Avenue.

Discussion:

Increases in both of the estimated project costs are based on changed site conditions and the increase in construction costs in general since these projects were first requested.

Impact:

These projects have a 50% local match requirement. Funding for this match will be requested in the upcoming FY19 and FY20 Capital Improvement Plans.

Recommendation:

Approve Resolution

WHEREAS, the City of Hampton desires to submit an application for an allocation of \$1,600,000 through the VDOT's fiscal year 2019 Revenue Sharing Program;
