Ordinance to Amend and Re-Enact the Zoning Ordinance of the City of Hampton, Virginia by Amending Section 3-2 Entitled, "Table of Uses Permitted" and Section 3-3 Entitled, "Additional Standards on Uses," to Modify Regulations Pertaining to Restaurants, Micro-breweries, Distilleries, and Wineries, and Breweries, Distilleries, and Wineries with Retail Alcoholic Beverage Licenses or Live Entertainment or Outdoor Dining

Background Statement:

This amendment consolidates several uses included within the "Table of Uses Permitted" generally related to restaurants, such as those with drive-throughs, live entertainment, or outdoor dining. The amendment proposes three restaurant uses: restaurant 1, restaurant 2, and restaurant 3. Proposed additional standards within those new restaurant categories will clarify permitted hours of operation, live entertainment, outdoor dining, drive-throughs or drive-ins, and operation with a retail alcoholic beverage license (ABC license) as part of the restaurant operation. Similarly, a set of additional standards is proposed for micro-breweries/distilleries/wineries, and breweries/distilleries/wineries.

In July 2020, the City amended the zoning ordinance to adopt several new restaurant uses due to new state authority regarding operation with an ABC license. Since the adoption of those new uses and additional standards, there have been several instances of restaurants struggling to comply with the restrictions. There have been instances where the operators received conflicting information from City staff or did not understand the information received, and subsequently violated the restrictions of their zoning administrator permits. This amendment is proposed in order to simplify the ordinance and ease the restrictive hours of operation standard which has been the largest point of difficulty.

Within the proposed restaurant 1 category, hours of operation are proposed as limited to between 5 am and 2 am. No live entertainment, outdoor dining, or operation with an ABC license is permitted to qualify as a restaurant 1 which is proposed as a by-right use in the districts proposed. Within the proposed restaurant 2 category, hours of operation can remain between 5 am and 2 am, unless the restaurant operates with an ABC license, in which case their hours must decrease to 5 am to 12 am. Restaurant 2s may have limited live entertainment area indoors only, and may have limited outdoor dining, as permitted by their zoning district. Similarly, some may have drive-throughs or drive-ins as permitted by their zoning district. All restaurant 2s must obtain a zoning administrator permit and comply with the proposed additional standards in order to operate.

For any restaurant wishing to deviate from those limitations within either restaurant 1 or restaurant 2, they may be classified as restaurant 3 by obtaining a use permit. City Council could impose conditions on the use permit related to their requested operations as appropriate for the restaurant location and proposal.

This amendment was heard by Planning Commission at the April 21, 2022 public meeting, where Planning Commission voted to recommend approval. The amendment was brought to the May 25, 2022 City Council meeting where it was deferred until July 13, 2022 in order to permit staff to coordinate with businesses in Hampton on the proposed changes. No citizens spoke for or against the amendment at either public hearing. Staff communicated with businesses within the Downtown Hampton Development Partnership, Coliseum Central Improvement District, and Phoebus Partnership. All three groups have indicated their support for the proposed changes. There was agreement that the existing limitation on hours is too restrictive for businesses to operate profitably, and the proposed extended hours under the restaurant 2 category is an improvement.
