Ordinance to Amend and Re-Enact Chapter 5 of the City Code of the City of Hampton, Virginia Entitled "Animals" by Amending Article II, Sections 5-24 and 5-24.1 - Location and Maintenance of Poultry and Animal Yards and of Domestic Chickens

Background Statement:

In recent years, staff have received numerous requests and complaints from residents regarding animal-related uses and care. Last year, staff began addressing these concerns by clarifying requirements for kennels and animal daycare facilities; these amendments continue that effort to clarify how animals are regulated within the City Code and the Zoning Ordinance. HART has worked closely with Community Development to coordinate this effort.

If adopted, this amendment would remove location-based regulations, which are being added to the Zoning Ordinance, including setbacks and permitted zoning districts for the keeping of poultry and animal yards. The proposed amendment retains animal welfare regulations in the City Code.

This amendment is being brought forward in conjunction with items 22-0005, 22-0006, and 22-0007.

Recommendations:

The Hampton Animal Response Team and the Animal Control Advisory Committee recommend approval.

BE IT ORDAINED by the City Council of the City of Hampton, Virginia, that Chapter 5 of the City Code of the City of Hampton, Virginia be amended and re-enacted to read as follows:
