PURPOSE/BACKGROUND:

Lumos Networks Inc. d/b/a Segra (the “Licensee” and “Grantee”), is a fiber optic communications network service provider intending to provide services to certain property owned by the Economic Development Authority of the City of Hampton, Virginia, a political subdivision of the Commonwealth of Virginia (the “EDA”) located at 5 Armistead Parkway, Hampton, Virginia 23666 (LRSN 13004683) (the “Serviced Parcel”), and has requested permission to encroach into Armistead Pointe Parkway owned by the City of Hampton (the “Right of Way”). The Licensee has requested permission to encroach into a 4,500 +/- square foot (45’ x 10’ wide) of the Right of Way (the “Licensed Area”) to install communication conduit with fiber optic cable in the Licensed Area (the “Licensed Improvement”), as requested on their encroachment application and as further illustrated on Exhibit “A” attached to the Encroachment Agreement presented to Council for approval.

The request was routed to City staff and local utility companies, and none had any objections, but some recommend certain conditions that are included in the attached Encroachment Agreement. Therefore, pursuant to Hampton City Code § 34-86, City staff recommend approval of the Encroachment Agreement.
