Historic Carousel Option Evaluation Study

PURPOSE/BACKGROUND:

This Evaluation Study provides an overview of the relocation of the carousel, and provides high level advantages and disadvantages of options for consideration. Current Location: Leave the carousel at its current location. Mill Point Park: Relocate the carousel to the site in Mill Point Park as recommended by the Implementation Plan. Buckroe Beach: Relocate the carousel to a site at Buckroe Beach.

Discussion:

This study addresses several aspects of the relocation, including (1) how the location of the carousel supports downtown revitalization; (2) ease of access to, and use of the carousel by residents and visitors; (3) protection and preservation of the historic carousel; and (4) costs of relocation, both short term and long term.

Impact:

The cost will range by option up to \$2.82 million.

Recommendation:

Briefing only. No action required.
