Resolution to Request the Virginia Department of Transportation Program Four State of Good Repair Projects into its Six-Year Improvement Plan, to Amend the City Manager's Council Approved FY21 Capital Budget to Incorporate the Projects, to Appropriate \$1,500,000 VDOT State of Good Repair Funds Required for the Projects, and to Authorize the City Manager or Her Designee to Execute any Necessary Agreements

PURPOSE/BACKGROUND:

The Commonwealth Transportation Board approved, by Resolution, on December 9, 2020 the State of Good Repair district funding distribution percentages for fiscal year 2021. Pursuant to Code of Virginia § 33.2-369, as amended, titled State of Good Repair, the Virginia Department of Transportation ("VDOT") provides funding for reconstruction and replacement of structurally deficient state and locally owned bridges and rehabilitation of pavement including municipality maintained primary extensions. The City of Hampton ("City") applied and was approved for State of Good Repair funding, and a total of \$1,500,000 was allocated for four projects. The City was notified that funding would be received in December 2020 for the following projects and in the following amounts: Mercury Boulevard West Resurfacing Project - Kilgore Avenue to Newmarket Creek (\$565,000), Power Plant Parkway Resurfacing Project - Queen Street to Mercury Boulevard (\$482,000), Cunningham Drive Resurfacing Project - Lynnhaven Drive to Executive Drive (\$166,000), Armistead Avenue North Resurfacing Project - New Market to Mercury Boulevard (\$287,000). These projects will enhance transportation within the City of Hampton. Once the allocations are accepted by the City, they are available immediately. VDOT has already assigned project numbers in anticipation of the City's approval of this request.

Discussion:

These projects will be fully funded with federal and state funds, to be paid on reimbursement basis to the City following the expenditure of City funds. This resolution requests VDOT to program \$1,500,000 for the City's projects into its Six-Year Improvement Plan, to amend the City Manager's Council Approved FY21 Capital Budget to incorporate the four Projects, and to appropriate \$1,500,000 in VDOT State of Good Repair Funds in the Capital Project Fund for the Projects, and to authorize the City Manager or her designee to execute the project agreements and other project-related documents as needed.

Impact:

The projects will enhance transportation within the City.

Recommendation:

Approve Resolution

WHEREAS, in accordance with the Virginia Department of Transportation ("VDOT")

project funding allocation procedures, the City Council, by resolution, must request VDOT to program highway projects in the City of Hampton ("City");

WHEREAS, federal and state funds have previously been allocated for that effort at 100% of cost and are available for disbursement to the City;

WHEREAS, VDOT has indicated it is prepared to program \$1,500,000 of State of Good Repair funds to be used by the City for resurfacing projects and has assigned UPC numbers to those projects. The projects being specifically identified as the following and for the following amounts: Mercury Boulevard West Resurfacing Project, UPC 117145 (\$565,000); Power Plant Resurfacing Project, UPC 117146 (\$482,000); Cunningham Drive Resurfacing Project, UPC 117147 (\$166,000); Armistead Avenue North Resurfacing Project, UPC 117196 (\$287,000), (herein referred to as the "Projects");

WHEREAS, project administration agreements with VDOT are necessary for securing VDOT commitment on those funds for the Projects; and

WHEREAS, the Projects were not previously included in the Capital Budget of the City Manager's, City Council approved budget for fiscal year 2021 ("FY21 Capital Budget").

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF HAMPTON, VIRGINIA that for the purposes of the Projects:

1. That the Virginia Department of Transportation is requested to program \$1,500,000 of State of Good Repair funds into the Six-Year Improvement Plan for the City;
