Resolution of the City Council of the City of Hampton, Virginia Confirming the Declaration and Termination of a Local Emergency Made Necessary by "January 2022 Winter Storm" and Declared on January 21, 2022, and Terminated on January 24, 2022, by the Hampton Director of Emergency Management

PURPOSE/BACKGROUND:

The City Manager, in her capacity as Director of Emergency Management, issued a Declaration of Local Emergency on January 21, 2022, as weather conditions and the expected accumulation of snow, sleet, and/or ice; extremely low temperatures; and high winds predicted to be caused by the storm referred to as "January 2022 Winter Storm" constituted a real and substantial threat to the health and safety of persons and property in the City. Confirmation and ratification by Council of this Declaration of Local Emergency are required by law.

While the agenda for the next City Council meeting was published on January 21, 2022, it was anticipated that the declaration of emergency would be terminated between the publication date and the Council meeting date of January 26, 2022. As such, the resolution language also includes the language terminating the declaration of emergency.

Recommendation:

Approval of this resolution is required by law.

caused by such conditions, and necessitated a declaration of local emergency;

WHEREAS, on January 24, 2022, the City Manager, as Hampton Director of Emergency Management, issued an Order Terminating Declaration of Local Emergency (the "Termination Order") and represented therein that the emergency conditions supporting the Declaration of Emergency no longer existed as of 12:00 noon on January 24, 2022; and

WHEREAS, based on the representations of the Hampton Director of Emergency Management stated in the Termination Order, the Council is satisfied that the weather conditions predicted to be caused by and actually caused by "January 2022 Winter Storm" no longer exist.
