Resolution to Amend the Fiscal Year 2022 Council Approved Budget to Accept and Appropriate the 2022 Children's Services Act Annual Allocation Awarded by the Virginia Department of Education

PURPOSE/BACKGROUND:

The Children's Services Act (CSA) formerly known as the Comprehensive Services Act for At-Risk Youth and Families, combines the annual appropriations that previously went to Social Services, the Hampton City Schools and the Court Services Unit. The CSA serves families with children at a high risk of out-of-home placement or are already in such placement due to their specialized academic and/or behavior needs. CSA is administered by a Community Policy and Management Team made up of agency directors, vendors, parent representatives and other community members.

Discussion:

The mission of the Children's Services Act is to create a collaborative system of services and funding that is child-centered, family-focused, community-based and cost-effective when addressing the strengths and needs of troubled and at-risk youth and their families in Virginia. In Hampton, this collaborative system of care continues to serve over 500 annually. This system of care approach has been a hallmark of supporting families for a healthy child.

As established through the Appropriation Act, funding services to children and families under the Children's Services Act is a shared responsibility of state and local government. The State Executive Council for Children's Services, together with the Office of Children's Services, are the administrative bodies at the state level that set the local match rate for each locality; Hampton's local match is currently set at 32.23%.

At this time, the base allocation from the state to Hampton is \$3,593,992 with a local share of \$1,709,004. Historically Hampton has received supplemental CSA funds from the State above the base allocation that require a proportionate increase in the local share.

Pursuant to Hampton City Charter Section 6.12, supplemental appropriations may be made by City Council not to exceed the unanticipated revenue from the Commonwealth or Federal sources where City Council has previously or currently approved the city's participation in the program. The City has been participating in the CSA program for many years; therefore, this resolution appropriating anticipated state funding is in compliance with this section of the Charter.

Impact:

The City has been awarded the CSA annual allocation in the base amount of \$3,593,992. The base local match is \$1,709,004.

Recommendation:

Approve.
