Ordinance To Amend And Re-Enact The Zoning Ordinance Of The City Of Hampton, Virginia by Amending Section 11-8 Entitled "Parking credits, exemptions, and reductions" Pertaining to Parking Exemptions and Reductions in the O-IH - Infill Housing Overlay

**Background Statement:**

Chapter 11, Parking, has Section 11-8(6)(a) which pertains to parking exemptions, and reductions in the Infill Housing Overlay District. Staff proposes changing the lot frontage requirements from under forty (40) feet to under fifty (50) feet to receive a reduction from two (2) required parking spaces to one (1). Under the current development standards, staff noticed that variances have become necessary because of conflicts between requirements for two (2) parking spaces and 50% of the front yard required to be green area. The difficulty to meet both of these requirements is exacerbated further with the addition of a front porch. Approval of this zoning ordinance amendment would allow more applicants to be able to meet all of the regulations without needing a variance.

This application is being brought forward in conjunction with Zoning Ordinance Amendment No. 19-00001 to alter the development standards and create a façade zone in the Infill Housing Overlay District, and also Zoning Ordinance Amendment No. 19-00004 to update the definition of façade zone.
