Peninsula Stadium Authority / Peninsula Pilots Update on War Memorial Stadium

Several years ago, Council agreed to help fund major improvements to the War Memorial Stadium where the Peninsula Pilots, and other community groups, play. Since that time, major progress has been made. Council will be given an opportunity to view the improvements at a special session held on-site and, during the afternoon work session, representatives from the Peninsula Pilots and Stadium Advisory Committee will be present to share their accomplishments as well as future efforts.
